

# MINUTES

**Meeting:** London Assembly (Plenary)

**Date:** Thursday 1 December 2022

**Time:** 10.00 am

**Place:** Chamber, City Hall,  
Kamal Chunchie Way, London, E16 1ZE

Copies of the minutes may be found at:

[www.london.gov.uk/mayor-assembly/london-assembly/whole-assembly](http://www.london.gov.uk/mayor-assembly/london-assembly/whole-assembly)

Present:

Andrew Boff AM (Deputy Chair)

Marina Ahmad AM

Shaun Bailey AM

Elly Baker AM

Siân Berry AM

Emma Best AM

Hina Bokhari AM

Anne Clarke AM

Léonie Cooper AM

Unmesh Desai AM

Tony Devenish AM

Len Duvall AM

Neil Garratt AM

Susan Hall AM

Krupesh Hirani AM

Joanne McCartney AM

Caroline Pidgeon MBE AM

Keith Prince AM

Caroline Russell AM

Sem Moema AM

Zack Polanski AM

Nick Rogers AM

Sakina Sheikh AM

## 1 Apologies for Absence and Chair's Announcements (Item 1)

- 1.1 Apologies for absence were received from Peter Fortune AM and Dr Onkar Sahota AM (Chair).
- 1.2 Andrew Boff AM (Deputy Chair) assumed the Chair for the duration of the meeting.
- 1.3 The Assembly observed a minutes silence in recognition of road traffic deaths in London over the past year.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

- 1.4 The Chair provided an update on recent Assembly activity including: the Police and Crime Committee summoning documents from the Mayor relating to the departure of the former Metropolitan Police Commissioner; the Budget & Performance Committee's meeting to begin the process of scrutinising the Mayor's budget 2023/24, and letter to the Mayor with recommendations on how to improve the GLA budget-setting process; the Police and Crime Committee issuing a second summons for the Mayor to appear before them regarding the departure of the former Met Commissioner; the Planning and Regeneration Committee's meeting looking at Mayoral Development Corporations and how they work for Londoners; the Health Committee's examination of the progress and impact of the GLA Group Public Health Unit; the Fire, Resilience and Emergency Planning Committee's examination of London's preparedness for potential risks in the city this winter; the Environment Committee's roundtable meeting at Silo in Hackney – the world's first zero-waste restaurant; the Police and Crime Committee's meeting on counter-terrorism and radicalisation in London; and the Economy Committee's discussion of the incentives, risks and barriers around more sustainable freight, including cargo bikes.

## **2 Declarations of Interests (Item 2)**

- 2.1 The Assembly received the report of the Executive Director of Assembly Secretariat.

2.2 **Resolved:**

**That the list of offices held by Assembly Members, as set out in the table at Agenda Item 2, be noted as disclosable pecuniary interests.**

## **3 Question and Answer Session: Policing (Item 3)**

**Part A:**

- 3.1 The Assembly put questions to the following guests on policing and crime in London:
- Sadiq Khan, Mayor of London; and
  - Sir Mark Rowley QPM, Commissioner of Police of the Metropolis.
- 3.2 The record of the questions put by Assembly Members and the answers given is attached as **Appendix 1**. The written answers provided following the meeting are attached as **Appendix 2**.
- 3.3 During the course of the discussion the Mayor undertook to:
- Provide the general knife crime figures up to May 2016, and ask the Metropolitan Police Service or the Mayor's Office for Policing and Crime, as appropriate, to publish the figures; and
  - Detail the number of year 6 and year 7 children in London benefitting from the Stepping Stones Programme.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

3.4 The Commissioner agreed to:

- Confirm whether the London community division would be referring people to local drug support services without a formal admission of guilt and whether the cases would be recorded as community resolution or no further action;
- Join Sem Moema AM in engaging with Black Londoners in Waltham Forest and Hackney; and
- Investigate open drug taking, dealing and aggressive begging around Finchley Road Station, and concerns that the Safer Neighbourhood Teams in the area were not working.

**Part B:**

3.5 At the conclusion of the question and answer session, the Chair formally moved the motion on the agenda, namely:

“That the Assembly notes the answers to the questions asked.”

3.6 **Resolved:**

**That the answers to the questions asked be noted.**

3.7 The Chair proposed, and it was agreed, that Standing Order 2.9B be suspended to extend the meeting in order for the remaining items of business on the agenda to be considered.

3.8 The meeting adjourned at 12.20pm, reconvening at 1.05pm

## **4 Motions (Item 4)**

4.1 At the start of the debate on the motions set out on the agenda, the Deputy Chair explained that, in accordance with Standing Order 4.2A and following informal discussions with Assembly party Groups, he had agreed to vary the time limits for speeches for the remainder of the meeting so that: the mover of each motion and amendment was permitted to speak for up to three minutes; the seconder of each motion and amendment was permitted to speak for up to two minutes; and any other Members contributing to the debate were permitted to speak for up to two minutes.

4.2 Len Duvall AM proposed, Caroline Russell AM seconded the following motion:

**“This Assembly notes the World Day of Remembrance for Road Traffic Victims on Sunday 20 November 2022. This Assembly notes the Vision Zero policy adopted by the Mayor in 2018 and ongoing actions to reduce road danger.**

**This Assembly further notes that Londoners sadly continue to be killed and injured in road traffic collisions in London.**

**This Assembly acknowledges the challenges faced by people who have sustained life changing injuries and the effect of serious and fatal crashes on so many families.**

**This Assembly calls on Londoners and everyone who can help achieve Vision Zero to join us today and every year in November in remembering the people who have died on London's roads and their loved ones."**

4.3 Following debate and upon being put to the vote, the motion in the name of Len Duvall AM was agreed unanimously.

4.4 Hina Bokhari AM proposed, and Zack Polanski AM seconded the following motion:

"This Assembly recognises the value to the economic and social wellbeing of Londoners of a Universal Basic Income (UBI), which would guarantee support for the poorest members of society through a redistributive mechanism.

This Assembly notes with approval that almost 300 individuals including MPs, councillors, academics, London Assembly members and the Mayor of London signed an open letter to the Prime Minister telling him basic income "could be our generation's NHS."

This Assembly notes the trial scheme run by the Welsh Government for care leavers. It also notes recent research by the Royal Society of Arts that indicates that such a scheme would be affordable, feasible, popular and have a significant impact on mental health, youth and social crises.

This Assembly believes that a UBI trial would be a suitable use of a limited pot of money to determine the impact on spending, saving, financial management and the local economy around the pilot area.

This Assembly calls on the Mayor to:

- Establish a London UBI trial;
- Report back to this Assembly on the outcome of the scheme including:
  - Qualitative interviews with a selection of participants;
  - Data on the impact on local spending patterns, levels of savings among participants, and the impact on employment; and
  - An assessment of the impact of the scheme on the health, economic and social outcomes both of individual participants and of their neighbourhood as a whole; and
- Consider a wider roll-out of the scheme if the trial proves successful."

4.5 Following debate and upon being put to the vote, the motion in the name of Hina Bokhari AM was not carried, with 5 votes being cast in favour and 17 votes being cast against.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

4.6 Sem Moema AM proposed, and Anne Clarke AM seconded the following motion:

“The Assembly notes the recent report on exempt accommodation by the Select Committee for Levelling Up, Housing and Communities which detailed the poor quality of the exempt accommodation sector. We are concerned that the current system is being exploited by a growing minority of providers who are charging high rents without providing the appropriate level of support that their residents need.

The Assembly also notes the Deputy Mayor for Housing & Residential Development’s comments at the Assembly’s Housing Committee that City Hall targets for building 1,750 – 3,500 supported accommodation units within the Mayor’s Affordable Homes programme are not keeping pace with demand.

The Assembly believes that there is a strong case for greater regulation of exempt accommodation to put safeguards in place for residents and ensure that providers are giving their residents an appropriate level of support.

The Assembly therefore supports Crisis’ “Regulate the Rogues” campaign and calls on the Government to urgently regulate providers in England and end the scandal unfolding in exempt accommodation. We note that the Supported Housing (Regulatory Oversight) Bill passed its second reading in Parliament on 18 November 2022 and we call on:

- The Government to continue its support for the Bill as it progresses through Parliament; and
- The Mayor and the Chair of the Assembly to write to the Secretary of State for Levelling Up, Housing and Communities urging him to urgently provide a regulatory framework for the exempt accommodation sector.”

4.7 Shaun Bailey AM proposed, and Emma Best AM seconded, the following amendment to the motion, to add the wording set out in bold below and to delete the wording in strikethrough text:

“The Assembly notes the recent report on exempt accommodation by the Select Committee for Levelling Up, Housing and Communities which detailed the poor quality of the exempt accommodation sector. We are concerned that the current system is being exploited by a growing minority of providers who are charging high rents without providing the appropriate level of support that their residents need.

The Assembly also notes the Deputy Mayor for Housing & Residential Development’s comments at the Assembly’s Housing Committee that City Hall targets for building 1,750 – 3,500 supported accommodation units within the Mayor’s Affordable Homes programme are not keeping pace with demand.

The Assembly believes that there is a strong case for greater regulation of exempt accommodation to put safeguards in place for residents and ensure that providers are giving their residents an appropriate level of support.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

The Assembly therefore supports Crisis' "Regulate the Rogues" campaign and ~~calls on the Government~~ **strongly welcomes and supports Bob Blackman's Supported Housing (Regulatory Oversight) Bill, supported by the Government**, to urgently regulate providers in England and end the scandal unfolding in exempt accommodation. We note that the Supported Housing (Regulatory Oversight) Bill passed its second reading in Parliament on 18 November 2022 and we call on:

- The Government **and all London MPs** to continue its support for the Bill as it progresses through Parliament; and
- The Mayor and the Chair of the Assembly to write to the Secretary of State for Levelling Up, Housing and Communities urging him to urgently provide a regulatory framework for the exempt accommodation sector."

4.8 In accordance with Standing Order 3.6, Sem Moema AM, accepted the amendment to the motion in her name.

4.9 Upon being put to a vote, the motion as altered, namely:

**"The Assembly notes the recent report on exempt accommodation by the Select Committee for Levelling Up, Housing and Communities which detailed the poor quality of the exempt accommodation sector. We are concerned that the current system is being exploited by a growing minority of providers who are charging high rents without providing the appropriate level of support that their residents need.**

**The Assembly also notes the Deputy Mayor for Housing & Residential Development's comments at the Assembly's Housing Committee that City Hall targets for building 1,750 – 3,500 supported accommodation units within the Mayor's Affordable Homes programme are not keeping pace with demand.**

**The Assembly believes that there is a strong case for greater regulation of exempt accommodation to put safeguards in place for residents and ensure that providers are giving their residents an appropriate level of support.**

**The Assembly therefore supports Crisis' "Regulate the Rogues" campaign and strongly welcomes and supports Bob Blackman's Supported Housing (Regulatory Oversight) Bill, supported by the Government, to urgently regulate providers in England and end the scandal unfolding in exempt accommodation. We note that the Supported Housing (Regulatory Oversight) Bill passed its second reading in Parliament on 18 November 2022 and we call on:**

- **The Government and all London MPs to continue its support for the Bill as it progresses through Parliament; and**
- **The Mayor and the Chair of the Assembly to write to the Secretary of State for Levelling Up, Housing and Communities urging him to urgently provide a regulatory framework for the exempt accommodation sector."**

was agreed unanimously.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

- 4.10 Unmesh Desai AM proposed, and Sakina Sheikh AM seconded the following motion, which had been altered in accordance with Standing Order 3.6:

**“This Assembly condemns the use of inflammatory language such as that used by the Home Secretary on 31 October 2022 to describe migrants fleeing persecution and conflict. This Assembly considers this rhetoric is a continuation of the Home Office’s Hostile Environment policy with regard to non-UK born citizens which includes millions of Londoners.**

**Whilst it is important that criminal gangs who profit from individuals’ desperation and the fraud arising from this is legally challenged through the immigration and criminal justice system, in tackling this problem the Home Office’s approach should not inflame real or perceived tensions, risk increasing hate crime and leave migrants or would-be asylum seekers in dangerous conditions.**

**This Assembly supports the call from the Mayor of London to the Home Office for an urgent and thorough review of its failure of duty of care towards asylum seekers. This Assembly calls on the Home Office to undertake a review of the UK’s asylum system to ensure a fair and firm points-based immigration system.”**

- 4.11 Following debate and upon being put to the vote, the motion in the name of Unmesh Desai AM was agreed, with 12 votes being cast in favour and 3 votes being cast against.

- 4.12 Krupesh Hirani AM proposed, and Léonie Cooper AM seconded the following motion:

“The Assembly fully supports World AIDS Day and the objectives of the National HIV Action Plan 2021-25.

The Assembly supports the Mayor’s ambition to eliminate new transmission of HIV in London by 2030. As part of this, we note the remarkable progress which has been made in our city and across the UK in reducing transmission of HIV and AIDS and improving outcomes for those with the virus.

New diagnoses are decreasing more rapidly in London than in the rest of the UK. Life expectancy for those living with HIV is now near that of the general population. Currently, 95% of people living with HIV infection are diagnosed, 98% of people diagnosed receiving treatment, and 97% of people receiving treatment being virally suppressed. This far exceeds the UN’s 90:90:90 target.

However, London still has higher-than-average rates of HIV and AIDS, accounting for 41.8% of England’s HIV-positive population. There are also large disparities between groups, with gay & bisexual men, and those of Black African ethnicity disproportionately represented among the HIV-positive population. Black Africans are also more likely to be diagnosed late – 47% of diagnoses among this group are made at a late stage versus 39% for white people.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

Late diagnoses can result in a ten-year lower life expectancy compared with those diagnosed early.

Therefore, more progress still needs to be done to achieve London's ambitious targets and we call on the Mayor to take the following actions:

- Work with London boroughs so all Londoners can access free at-home HIV testing;
- Support opt-out HIV testing across the NHS. Many parts of London are areas of high HIV prevalence and HIV testing should be routinely offered to patients in relevant settings, such as GP surgeries, A&E departments and in all sexual health clinics; and
- Use all GLA resources to promote the importance of testing and early diagnosis, particularly among at-risk groups, and to fight HIV and AIDS stigma."

4.13 Emma Best AM proposed, and Tony Devenish AM seconded, the following amendment to the motion, to add the wording set out in bold below and to delete the wording in strikethrough text:

"The Assembly fully supports World AIDS Day and the objectives of the National HIV Action Plan 2021-25.

The Assembly supports the Mayor's ambition to eliminate new transmission of HIV in London by 2030. As part of this, we note the remarkable progress which has been made in our city and across the UK in reducing transmission of HIV ~~and AIDS~~ and improving outcomes for those with the virus.

New diagnoses are decreasing more rapidly in London than in the rest of the UK. Life expectancy for those living with HIV is now near that of the general population. Currently, 95% of people living with HIV infection are diagnosed, 98% of people diagnosed receiving treatment, and 97% of people receiving treatment being virally suppressed. This far exceeds the UN's 90:90:90 target.

**Those lost to the care of a HIV clinic increased by 20% during covid-19 and is yet to decrease significantly. Identifying those lost to care and ensuring they are re-engaged needs to be a priority and commissioners need to ensure they are contracting their work and resourcing it adequately.**

However, London still has higher-than-average rates of HIV ~~and AIDS~~, accounting for 41.8% of England's HIV-positive population. There are also large disparities between groups, with gay & bisexual men, and those of Black African ethnicity disproportionately represented among the HIV-positive population. Black Africans are also more likely to be diagnosed late – 47% of diagnoses among this group are made at a late stage versus 39% for white people.

Late diagnoses can result in a ten-year lower life expectancy compared with those diagnosed early.

Therefore, more progress still needs to be done to achieve London's ambitious targets and we call on the Mayor to take the following actions:

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

- Work with London boroughs so all Londoners can access free at-home HIV testing;
- Support opt-out HIV testing across the NHS. Many parts of London are areas of high HIV prevalence and HIV testing should be routinely offered to patients in relevant settings, such as GP surgeries, A&E departments and in all sexual health clinics; and
- Use all GLA resources to promote the importance of testing and early diagnosis, particularly among at-risk groups, and to fight HIV and AIDS stigma; and
- **That the Mayor as the Chair of TfL makes free space available on TfL assets for HIV and Aids awareness campaigns from the Terrence Higgins Trust and London Borough led “Do it London”.**

4.14 In accordance with Standing Order 3.6, Krupesh Hirani AM, accepted the amendment to the motion in his name.

4.15 Upon being put to a vote, the motion as altered namely:

**“The Assembly fully supports World AIDS Day and the objectives of the National HIV Action Plan 2021-25.**

**The Assembly supports the Mayor’s ambition to eliminate new transmission of HIV in London by 2030. As part of this, we note the remarkable progress which has been made in our city and across the UK in reducing transmission of HIV and improving outcomes for those with the virus.**

**New diagnoses are decreasing more rapidly in London than in the rest of the UK. Life expectancy for those living with HIV is now near that of the general population. - **That the Mayor as the Chair of TfL makes free space available on TfL assets for HIV and Aids awareness campaigns from the Terrence Higgins Trust and London Borough led “Do it London”.**

was agreed unanimously.

4.16 Len Duvall AM proposed, and Marina Ahmad AM seconded the following motion:

**“This Assembly notes that the cost of living crisis is having a particularly acute impact on London which has:**

- **The highest poverty rate of anywhere in the UK (27%);<sup>[1]</sup>**
- **The second worst levels of child poverty in the country (second only to the North East), with 35% of the capital’s children living in poverty and an estimated 250,000 children living with food poverty;<sup>[2]</sup>**
- **The highest intra-regional income and wealth inequalities of any part of the UK;**
- **Average rents across Greater London of £1,924 – according to Shelter this is leaving one in five Londoners behind or struggling to keep up with their rent; and <sup>[3]</sup>**
- **Real wages falling for the lowest paid.<sup>[4]</sup>**

**This Assembly also notes that Londoners on the lowest income are hit harder than any other group in any other part of the country according to analysis by the Joseph Rowntree Foundation.<sup>[5]</sup>**

**This Assembly opposes any policy to remove funding from deprived urban areas in favour of affluent towns, and calls on the Mayor to write to the Prime Minister urging him to relinquish the pursuit of any such policy.”**

4.17 Following debate and upon being put to the vote, the motion in the name of Len Duvall AM was agreed, with 15 votes being cast in favour and 0 votes being cast against.

4.18 Marina Ahmad AM proposed, and Sakina Sheikh AM seconded the following motion:

**“This Assembly is concerned about the BBC’s proposals to significantly cut its bespoke output in all BBC Local Radio stations including at *BBC Radio London*. This Assembly believes that these cuts will seriously diminish a service that is highly valued by listeners and underpins local democracy, and in London and across the UK.**

**This Assembly calls on the Mayor and Chair of the Assembly to write separately to the BBC leadership which includes: The BBC Director General, Director of BBC Nations and Acting Director of BBC England, to oppose the cuts to local radio services.”**

4.19 Following debate and upon being put to the vote, the motion in the name of Marina Ahmad AM was agreed unanimously.

4.20 The motion set out at paragraph 3.8 of the report, in the name of Nick Rogers AM, was withdrawn.

4.21 Emma Best AM proposed, and Zack Polanski AM seconded the following motion:

**“This Assembly is concerned that so many wet wipes and other plastic waste ends up in the tidal Thames.**

**This Assembly also notes that recent studies have found that depending on the species of fish, between 20% and 75% in the Thames Estuary have microplastics in their digestive systems.**

**This Assembly notes the work by the Port of London Authority, Thames21, Thames Water and Tideway to tackle this issue through awareness campaigns, foreshore clean ups and floating litter collectors.**

**This Assembly notes the Unflushables report published by the London Assembly Environment Committee in 2018, which identified actions to tackle the full range of single-use plastic products that are inappropriately flushed and are ending up in the tidal Thames.**

**This Assembly supports the MP for Putney’s private members’ bill, *Plastics (Wet Wipes) Bill*, which seeks to prohibit the manufacture and sale of wet wipes containing plastic.**

**This Assembly therefore calls on the Mayor of London and the Government to urgently work together to ensure that retailers follow Tesco’s lead and ban the production and sale of plastic wet wipes.**

**In addition, this Assembly calls on the Mayor and Chair of Assembly to write to the Department of Environment, Food and Rural Affairs seeking urgent recommendations in response to the Commonly Littered Single Use Plastic Items consultation, alongside seeking an industry-wide commitment from the British Retailers Consortium to establish a more ambitious commitment of 2032 for eliminating avoidable plastic waste.”**

4.22 Following debate and upon being put to the vote, the motion in the name of Emma Best AM was agreed unanimously.

4.23 Zack Polanski AM proposed, and Léonie Cooper AM seconded the following motion:

“This Assembly notes that it is now seventy years since the Great Smog affected London in December 1952.

This Assembly notes that the then London County Council (LCC) recorded unprecedented concentrations of smoke between the 5<sup>th</sup> and 8<sup>th</sup> of December that year, and further that the LCC produced a report by January of 1953 detailing the tragic impact of this peak in air pollution which it was already realised had killed thousands of Londoners.

This Assembly notes that despite that report, the Government initially doubted the need for further action. Over time estimates of thousands of deaths of Londoners prompted the development of a private members bill that led to the first Clean Air Act of 1956.

This Assembly notes that now, seventy years later, a new private members bill, the Clean Air (Human Rights) Bill has been introduced in the House of Lords and is due for debate in the House of Commons.

This Assembly notes that this bill is also being called Ella’s Law in memory of Ella Adoo-Kissi-Debrah, who had air pollution acknowledged as the cause of her death after a long and successful campaign by her mother, Rosamund Adoo-Kissi-Debrah.

This Assembly commits to supporting Ella’s Law to establish the right to clean air for Londoners and therefore urges MPs and Lords at Westminster to support this bill.”

4.24 Emma Best AM proposed, and Tony Devenish AM seconded, the following amendment to the motion, to add the wording set out in bold below and to delete the wording in strikethrough text:

“This Assembly notes that it is now seventy years since the Great Smog affected London in December 1952.

This Assembly notes that the then London County Council (LCC) recorded unprecedented concentrations of smoke between the 5<sup>th</sup> and 8<sup>th</sup> of December that year, and further that the LCC produced a report by January of 1953 detailing the tragic impact of this peak in air pollution which it was already realised had killed thousands of Londoners.

**Greater London Authority  
London Assembly (Plenary)  
Thursday 1 December 2022**

This Assembly notes that despite that report, the Government initially doubted the need for further action. Over time estimates of thousands of deaths of Londoners prompted the development of a private members bill that led to the first Clean Air Act of 1956.

This Assembly notes that now, seventy years later, a new private members bill, the Clean Air (Human Rights) Bill has been introduced in the House of Lords and is due for debate in the House of Commons.

**This Assembly notes that the Clean Air (Human Rights) Bill builds on the landmark Environment Act 2021 which was brought to parliament by the Government. The act covers Environment targets for particulate matter and amends the Clean Air Act 1956.**<sup>[1]</sup>

This Assembly notes that this bill is also being called Ella’s Law in memory of Ella Adoo-Kissi-Debrah, who had air pollution acknowledged as the cause of her death after a long and successful campaign by her mother, Rosamund Adoo-Kissi-Debrah.

This Assembly commits to supporting Ella’s Law to establish the right to clean air for Londoners and therefore urges MPs and Lords at Westminster to support this bill.”

**This Assembly also calls on the Mayor of London to do more to improve air-quality across London, starting by:**

- **Urgently addressing his failed tree planting target and setting out realistic metrics to achieve this; and**
- **Reviewing the zero emission bus fleet target with the view of making it more ambitious in light of the recent funding deal from the Government.”**

4.25 Following debate, the amendment in the name of Emma Best AM was withdrawn.

4.26 Emma Best AM proposed, and Tony Devenish AM seconded, a further amendment to the motion in the name of Zack Polanski AM, to add the wording set out in bold below and to delete the wording in strikethrough text:

“This Assembly notes that it is now seventy years since the Great Smog affected London in December 1952.

This Assembly notes that the then London County Council (LCC) recorded unprecedented concentrations of smoke between the 5th and 8th of December that year, and further that the LCC produced a report by January of 1953 detailing the tragic impact of this peak in air pollution which it was already realised had killed thousands of Londoners.

- **Urgently addressing his 2016 tree planting target and setting out realistic metrics to achieve this; and**
- **Reviewing the zero emission bus fleet target with the view of making it more ambitious in light of the recent funding deal from the Government.”**

was agreed unanimously.

4.29 Siân Berry AM proposed, and Sem Moema AM seconded, the following motion, which had been altered in accordance with Standing Order 3.6:

**“This Assembly is increasingly concerned about the situation facing private renters as the cost-of-living crisis continues and winter approaches.**

**The following issues are making this crisis more acute:**

- **Rises in rents, with estate agents reporting rapid increases since last year, particularly in central London<sup>[2]</sup>;**
- **Many landlords asking for higher rents for existing tenants<sup>[3]</sup>; and**
- **A rise in Section 21 notices from landlords, pushing more renters to search for new homes; Ministry of Justice figures show that there are 1,938 court claims under Section 21 in Quarter 3 2022 in London, the highest level since Quarter 2 2019.<sup>[4]</sup>**

**We believe that, without action, London risks a wave of new homeless families and individuals this winter, and councils are already seeing more applications for support from Londoners. Data from the Department for Levelling Up, Housing and Communities (DLUHC) for Quarter 1, 2022 shows that 1,480 households are threatened with homelessness or made homeless as a result of their landlord selling or reletting. The latter is the highest Quarter 1 figure since they started collecting the data in 2019.<sup>[5]</sup>**

**We note that the long-promised Parliamentary Bill to support renters and improve protections has been delayed, although DLUHC have reiterated that it will come forward in this Parliament, but without giving a firm timetable.<sup>[6],[7]</sup>**

**We also note that the Mayor has been vocal in calling for the power to freeze rents, and this policy has now been enacted in Scotland. The Mayor has also called on the Government to end Section 21 evictions, lift the benefit cap, unfreeze Local Housing Allowance rates and take measures to stop refugees and asylum seekers being pushed into homelessness.<sup>[8]</sup>**

**The Assembly supports the Mayor on all this, and asks the Chair to add our voice with a letter calling for these measures and making the following additional emergency demands to relevant ministers in Government:**

- **Institute an immediate suspension of Section 21 and eviction proceedings, similar to the emergency provisions during the pandemic;**
- **Urgently bring forward promised legislation to protect renters, with the most vital elements of the promised Bill needing to be in place by the end of this parliamentary session;**
- **Increase Housing Benefit to rates that allow working families on lower incomes to cover rising private rent demands;**
- **Provide urgent capital funding to councils, allowing them to buy homes from landlords who are struggling financially and provide security for existing tenants, and to purchase market-sale properties to support homeless families and individuals.**

**In addition, we do not believe the Mayor should wait to take action if the Government refuses to take these steps, and call on him to:**

- **Extend the Right To Buy Back programme to help councils buy homes from landlords in distress and from the market to keep renters in their homes and provide accommodation to avert this crisis;**
- **Lobby for legislation in Parliament for urgent devolved powers to improve private renting in London, including the power to freeze and control rents,<sup>[9]</sup> and consider working with councils to use powers to propose our own new laws; and**
- **Set up his planned London Rent Commission now to develop evidence for and models of regulation for our city, rather than wait for powers to be devolved before creating this body.”**

4.30 Following debate and upon being put to the vote, the motion in the name of Siân Berry AM was agreed, with 13 votes being cast in favour and 10 votes being cast against.

## **5 Mayoral Commitments (Item 5)**

5.1 The Assembly received the report of the Executive Director of Assembly Secretariat.

5.2 **Resolved:**

**That the commitments made by the Mayor of London, Sadiq Khan, during London Assembly (Mayor's Question Time) meetings held between August 2022 and October 2022, be noted.**

## **6 Future Meetings of the Assembly (Item 6)**

6.1 Susan Hall AM enquired as to whether the Mayor had been invited to attend the meeting on the 9 February 2023, noting the recent concerns regarding the London Fire Brigade highlighted by the independent culture review, and expressed it would be important for the Mayor to attend.

6.2 The Assembly agreed to defer the item until the next appropriate Assembly meeting, in order for the Mayor to be invited to attend the meeting.

6.3 **Resolved:**

**That the agenda item be deferred until the next appropriate Assembly meeting.**

## **7 Date of Next Meeting (Item 7)**

7.1 The next scheduled meeting of the London Assembly was the Mayor's Question Time meeting which would take place at 10.00am on Thursday 15 December 2022 in the Chamber, City Hall.

## 8 Any Other Business the Chair Considers Urgent (Item 8)

- 8.1 In accordance with section 100(B)(4) of the Local Government Act 1972, the Chair agreed to accept an urgent item of business, namely an urgent motion under Standing Order 1.10A, on the grounds that the subject of the motion became news after the motion deadline, and the subject of the motion was an important topic which could not wait until the next London Assembly (Plenary) meeting at which motions could be considered.
- 8.2 The proposer of the urgent motion, Anne Clarke AM, made an oral statement of up to one minute in length as to why the Assembly should agree to consider it.

### 8a Urgent Motion

- 8.3 Upon being put to the vote, the Assembly unanimously agreed to treat the motion as urgent under Standing Order 1.10A(2) and to consider it.
- 8.4 Anne Clarke AM proposed, and Susan Hall AM seconded the following motion:

**“This Assembly welcomes the publication of the London Fire Brigade’s Independent Culture Review, commissioned by London Fire Brigade Commissioner Andy Roe and would like to thank Nazir Afzal OBE for his hard work on this troubling issue.**

**This Assembly finds the institutional misogyny, racism and discrimination highlighted in the report abhorrent.**

**The Assembly therefore calls on the Mayor, Deputy Mayor for Fire and Resilience and London Fire Commissioner to urgently implement the recommendations of the report in order to not only rebuild the public’s trust in London’s Fire Brigade but to restore the trust of fire personnel so that firefighters and staff can feel safe and thrive at work.”**

- 8.5 Following debate and upon being put to the vote, the motion in the name of Anne Clarke AM was agreed unanimously.

## 9 Close of Meeting

9.1 The meeting finished at 3.23pm.
