

Budget Related Motion – 20 February 2017

Proposed by: Sian Berry AM
Seconded by: Tom Copley AM

New community-led models of housing development are a real opportunity for a wide range of Londoners to be part of providing new homes. Groups springing up to develop ideas for new co-operatives, community land trusts and co-housing developments are in need of support from the Mayor. This Assembly urges the Mayor to work with the borough councils and the community-led housing sector to set up an effective hub offering expert support to co-ordinate and maximise their work in this area, and to identify funds within the housing budget for this hub.¹
