Dear Chair,

**Confirm that the EDI Datastore will be updated with information from 2020 to date.**

You asked for confirmation that the EDI Datastore will be updated with information from 2020 to date. The [EDI measures](#) that are currently on the London Datastore will be revised in line with the objectives of the updated EDI strategy. The updated measures will be published soon after publication of the updated strategy.

**Confirm when up-to-date data and analysis on air quality would be published.**

You asked when up-to-date data and analysis on air quality would be published. We very recently published an updated Air Quality and Inequalities study, which is available here:

**Confirm how much Right to Buy Back money had been used in the 116,000 starts quoted by the Mayor.**

You asked how much Right to Buy Back money had been used in the 116,000 starts quoted by the Mayor. The GLA Housing team has been working to collate relevant data for this question and will be able to provide a response by the end of September.
