### GLA projects in receipt of EU funding since 2008 (MQ 2889/2014)

Lead	Project	Source of EU funds	Funding	Summary
GLA	GLA Co-Financing Organisation (CFO) Priority 1 Agreement	European Social Fund (ESF)	£10,000,000 (50% GLA and 50% ESF)	The CFO agreement aims to deliver the ESF Operational Programme under Priority 1 – extending employment opportunities. The GLA provide cash match funding for the ESF programme. Programme funding has been identified within the GLA’s budget for both the youth and adult ESF programmes and this is reflected in the GLA’s CFO Plan.
GLA	Technical Assistance for ESF Programme Support	ESF	£766,813 (£361,813 ESF and £405,000 match)	The aim of the project is to support the management of the 2007-13 ESF Programme in London. The ESF is used to contribute towards the European Programmes Management Unit’s function as the Intermediate Body to manage the 2007-13 ESF programme in London in accordance with delegated responsibilities.
GLA	City Skills Fund for London	ESF	£1,000,000 (50% GLA and 50% ESF)	The City Skills for London Technical Assistance project focuses on informing Londoners, policy makers and ESF partners about London’s labour market, the key economic and social trends and new policy thinking and future ESF programme design. It provides the evidence base to support the development of the London Enterprise Panel (LEP)’s strategic role over skills and employment, which shapes the future policy and delivery architecture in the capital.
GLA	Technical Assistance for European Programmes Management Unit ERDF team	European Regional Development Fund (ERDF)	£1,919,813 (plus £1,919,813 match)	London was allocated €181 million ERDF to deliver the 2007-2013 programme. ERDF enables the GLA’s European Programmes Management Unit (EPMU) to manage the implementation of the programme. Working with the Mayor of London, ERDF Local Management Committee and stakeholders, the project delivers the ERDF Operational Programme which promotes sustainable, environmentally efficient growth, capitalising on London’s innovation and knowledge resources.

	('EPMU TA 2')			
GLA	The Mayor's Export Programme	ERDF	£721,250  (plus £721,250 GLA match)	An export 'challenge' led by the Mayor and key London partners to help London SMEs to enter international markets, win new business and create jobs and growth through delivering intensive business assistance including missions and in market training. Project targets include supporting SMEs to achieve sales in new markets, create and safeguard jobs.
GLA	Business Food Waste Solutions	ERDF	£500,000  (plus £500,000 GLA match)	The project delivers advice and support to London's food sector SMEs; to help them identify and implement measures that reduce costs related to the production and management of food waste – leading to significant environmental and social benefits. The businesses include restaurants, food preparation and catering facilities, business canteens, small hotels and markets. Through the measures implemented and by stimulating 'green' markets, the project is anticipated to provide significant financial and environmental benefits. Targets include: assisting businesses to improve their environmental performance; divert waste from landfill; achieve savings through the reduction of solid liquid or gaseous material.
GLA	European Local Energy Assistance (ELENA)	European Investment Bank	€6,454,986  (includes 10% GLA match funding)	The European Commission and the European Investment Bank (EIB) have established the ELENA technical assistance facility. ELENA support covers a share of the cost for technical support that is necessary to prepare, implement and finance investment programmes.  a) Decentralised Energy Project Delivery Unit (DEPDU). It supports public sector organisations in London to retrofit their buildings with energy conservation measures and make substantial energy savings. b) RE:FIT (formerly Buildings Energy Efficiency Programme) programme management office
GLA	European Local Energy Assistance (ELENA)	European Investment Bank	€3,016,440  (plus 10% GLA match)	GLA RE:NEW programme: The funding will provide a three year support team to facilitate a more rapid and an increased scale of carbon reducing retrofit in the social and private residential sector.
The list below provides details of successful centrally-managed EU bids that GLA is or was involved in, either as partner or coordinator. These are funding schemes managed directly by the European Commission services in Brussels; applicants usually apply through a competitive bidding process as part of a				

European consortium with at least one other partner from a different EU country.				
GLA	HyTEC	Fuel Cell Hydrogen Joint Undertaking	€480,000	The project will demonstrate fuel cell vehicles and a new refuelling station in London. Will run until August 2015.
GLA	HyFIVE	Fuel Cell Hydrogen Joint Undertaking	€583,000	The project will deploy up to 110 vehicles and 6 refuelling stations in Southern Germany, Copenhagen and London. Started in April 2014.
GLA	CELSIUS	Framework 7 R&D Programme	€500,000	District Heating and Cooling project
GLA	iCity	Competitiveness and Innovation Framework Programme (CIP)	€380,000	To identify public services that can be developed through the proposed iCity platform. Started in January 2012.
GLA	Intervention for Pupils Excluded from School	PROGRESS	€0.5m	A randomised controlled trial to reduce delinquency and improve educational and occupational attainments. The funding covers 2013-2014.
GLA	English: The Key to Integration in London	European Integration Fund (EIF)	£1.5m	Raise the literacy and academic English levels of non-EU migrant pupils in London who have English as an Additional Language (EAL) and the English language skills of non-EU mothers. The funding covers 2014-2015
GLA	JOAQUIN	INTERREG IVB	€200,000	To support delivery of the Mayor's Clean Air Fund programme

GLA	DIVE	European Integration Fund (EIF)	€42,000	To support development of local integration strategies and to raise public awareness to diversity and equality issues.
-----	------	---------------------------------	---------	--

Please note that the list includes GLA projects, not GLA Group projects. The list does not include a) projects that were originally contracted to the London Development Agency (LDA) and were transferred to the GLA upon the LDA's closure; b) projects which the GLA has funded as an ESF Co-Financing Organisation.
