

**SUMMARY REVENUE AND CAPITAL BUDGET MONITORING REPORT**  
**Period 6 - 2014/15**

**Summary**

**MOPAC/MPS financial position as at Period 6 - 2014/15**

This report on the MOPAC/MPS finances for 2014/15 provides details of the current forecast outturn financial position as at Period 6 for revenue and capital budgets.

**Revenue Position** - The year to date position is an underspend of £5.6m and the forecast is a pressure of £4.4m (0.2% of Net Revenue Expenditure Budget). This forecast is an improvement on the previously declared position (£32.5m overspend) as underspends on capital financing costs and the release of centrally held non-pay inflation budgets have been included in the forecast.

Whilst the overall forecast position in 2014/15 is for a small overspend, the impact of the current year's overspending budgets will need to be assessed in terms of future years. For example, police staff expenditure will need to be reduced in order that the current year's overspend is not continued into 2015/16. Also, the police overtime budget will be under pressure again in 2015/16 based on the current forecast. In terms of the Corporate Real Estate (CRE) and Total Technology Programme (TTP) programmes, the proposed 2015/16 budgets have been adjusted to reflect a realistic level of savings delivery and therefore there should not be an ongoing pressure.

A summary of the key pressures/savings with RAG status are stated in the table below.

<b>Pressures:</b>	<b>£m</b>	<b>RAG Status</b>
Police Staff Pay	12.0	<b>Amber</b>
Police Officer Overtime	12.0	<b>Amber</b>
Premises Costs	7.7	<b>Amber</b>
Supplies and Services	7.1	<b>Amber</b>
<b>Savings:</b>		
PCSO Pay	-6.4	
Capital Financing Costs	-7.3	
Non-pay inflation	-20.0	

**Capital Position** - The forecast spend is £227.1m which is £141.1m below the approved budget of £368.2m. Capital receipts as at September 2014 are £55.3m and are forecast to reach £150m by the year end.

## A. SUPPORTING INFORMATION

### Background

1. The 2014/15 MOPAC budget was approved as part of the Mayor's consolidated budget on 14 February 2014.
2. £134m savings have been included in the budget for 2014/15 as part of the overall aim of delivering £500m of savings between 2013/14 and 2015/16.

### Revenue Financial Position - Period 6

3. The annual forecast as at Period 6 is for a cost pressure of £4.4m which is 0.2% of the Total Net Expenditure budget. **Table 1** provides a summary of the Period 6 position for subjective budgets for the MPS and MOPAC.

**Table 1 - Subjective comparison of year to date and forecast annual expenditure and income to budget - Period 6**

## Key Points

4. **Table 2** provides a summary of the key pressures and savings along with corporate mitigations to reduce the overall pressure.

**Table 2 - Summary of Pressures and Corporate Mitigations as at Period 6**

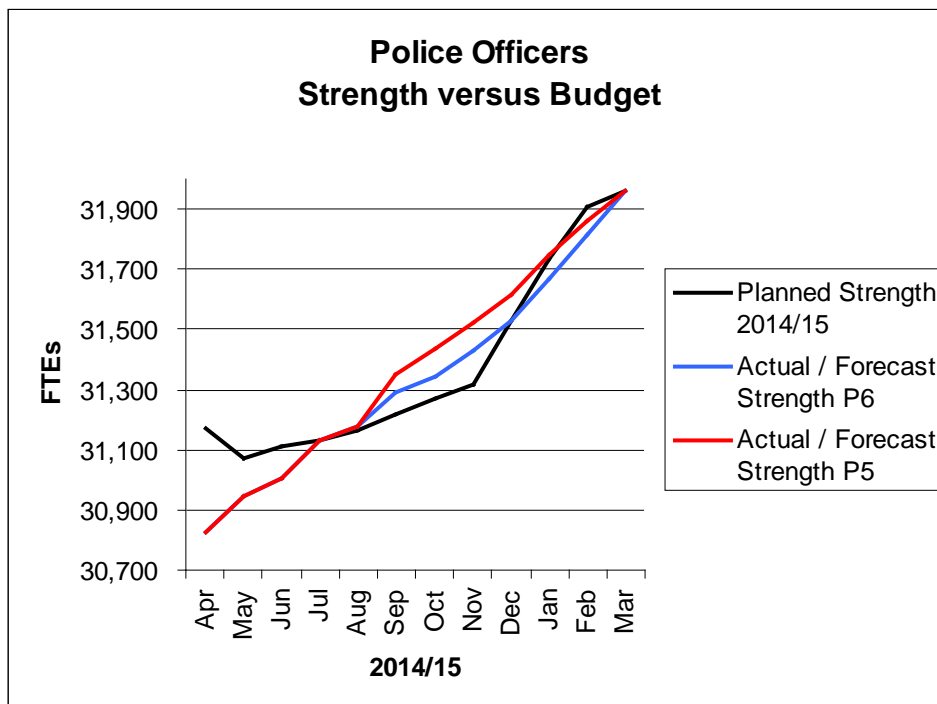

Forecast position as at Period 6	Issue	RAG Status	Responsible Officers and timeline
<b>Pressures:</b>	<b>£m</b>		
Police Officer Pay	0.0	Green	MPS Director of HR has agreed to manage Police Officer recruitment to stay within budget.
Police Staff Pay (incl. temp staff)	12.0	Yellow	Steps to be taken to reduce the costs of temporary staff.
Police Officer Overtime	12.0	Yellow	Whilst £5.5m of this overspend is funded by additional income, all Assistant Commissioners have been asked to ensure that expenditure is reduced as far as possible before the next forecast is declared at Period 9.
Premises Costs (CRE)	5.3	Yellow	Director of PSD and CRE Lead to continue to review options through CRE Governance Board.
Revenue support to capital projects	8.4	Yellow	Funding to come from existing reserves or the Major Change Programme Fund.
Specific Grant (CT)	1.2	Yellow	Finance Business Partners to work with SSS management to ensure all relevant costs related to CT are identified and recovered.
Fuel Costs	0.6	Red	A decrease in usage has revised the forecast overspend from £2m in Period 5.
Catering Services	1.4	Yellow	Interim Director Shared Support Services to assess potential mitigations. At this stage it is not possible to quantify the mitigations and therefore the pressure remains at £1.4m.
Other	-2.8		Various minor variations
<b>Savings:</b>			
PCSO Pay	-6.4		
Capital Financing Costs	-7.3		
Non-pay inflation	-20.0		
<b>Total Forecast</b>	<b>4.4</b>		

- There is a claim for the non-payment of certain allowances that is currently ongoing with certain police officers. Whilst no allowance for the potential liability has been included in the forecast position, it is likely that future forecasts will reflect the potential cost to the MPS.

### Period 6 Commentary

- Police Officer Pay:** YTD underspend of £5.6m (0.6% of budget): Forecast to break even.
  - Graph 1** shows that the YTD underspend is due to the numbers of Police Officers being below the planned strength for the first quarter. Although numbers rise above the planned strength for a few months planned recruitment has been amended to ensure that the annual costs remain within budget.

**Graph 1 - Police Officers - Strength versus Budget**

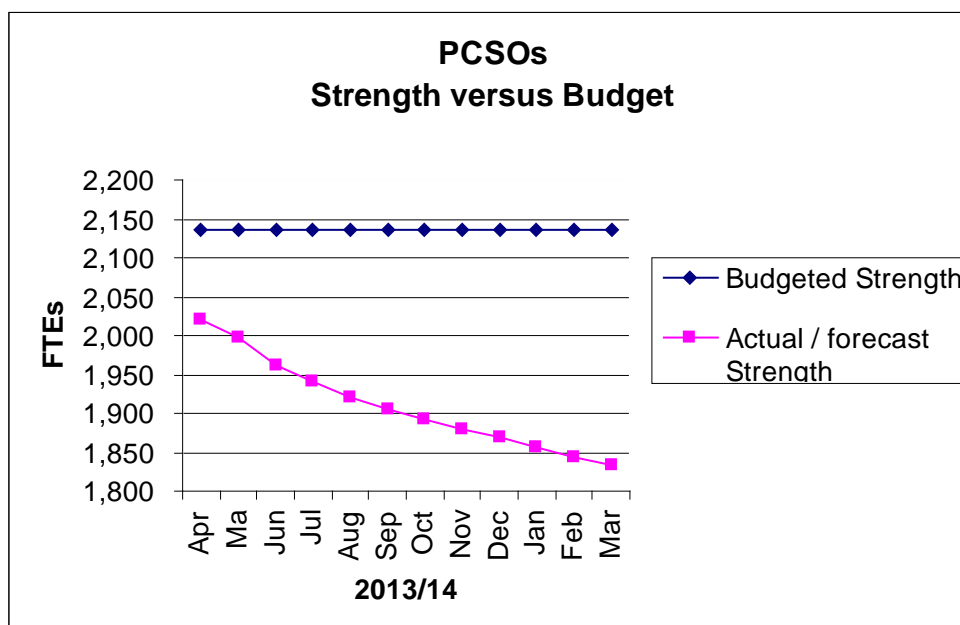

- Police Staff Pay:** YTD overspend of £10.1m (4.0%): Forecast pressure of £12.0m (2.2%).
  - The budget is based on 12,200 FTE across the year. The effect of having the significant number of agency staff, often costing more than the average costs of a permanent member of staff, and total staff (including agency) being above the budgeted level for the first 6 months of the year are the main reasons for the predicted cost pressure of £12m. Year to date expenditure on temporary staff is £8.4m and forecast to be £16.7m by year end. All MPS Management Board members have been asked to review whether the number of temporary staff can be reduced more quickly so as to mitigate this pressure and if not whether daily rates can be reduced.

8. **PCSO Pay:** YTD underspend of £2.4m (6.1%): Forecast saving of £6.4m (8.1%).

- **Graph 2** shows that numbers of PCSO Staff are below the planned strength throughout the year.

**Graph 2 - PCSO Staff - Strength versus Budget**

9. **Police Officer Overtime:** YTD overspend of £3.7m (8.7%): Forecast pressure of £12.0m (14.8%).

- **Graph 3** shows that expenditure starts to significantly rise above budget from September and the pressure gradually increases as the year progresses.
- The main areas of pressure are in Specialist Operations (£6.6m) where the level of vacancies is generating overtime to cover posts plus the rise in the threat level to Severe is also having an impact.
- The other main pressure is in Specialist Crime and Operations (£5.1m) on the Public Order Aid Fund mainly due to the public order and infrastructure security for the NATO summit.
- The MPS are forecasting to receive additional income of approximately £5.5m as reimbursement for the additional overtime expenditure incurred due to policing the NATO summit and the Commonwealth Games. This mitigates the overall overspend on overtime from £12m to £6.5m.

### Graph 3 - Police Officer Overtime - Budget versus Actual Spend

10. **Running Costs:** YTD underspend of £4.8m (1.7%): Forecast saving of £5.6m (0.9%).

The main forecast pressures are due to the slippage associated with delivery of the CRE programme because of slower than planned building exits (£5.3m), unbudgeted revenue support to capital projects within Digital Policing (£8.4m), and catering (£1.4m). £20m is held centrally for non-pay inflation and the MPS propose to use this budget to mitigate pressures elsewhere in the budget.

11. There are revenue pressures in Digital Policing to fund the one-off costs of change. Further work is being undertaken to assess the amount of this pressure but current estimates are £8.4m in 14/15 (included in this report) and a further £22.2m in 15/16. At present there is approximately £9.3m set aside for Technology projects within the Major Change Programme Fund and £9.7m in Digital Policing earmarked reserves. In addition £7.8m is uncommitted in this year's Major Change Programme Fund and £10.6m uncommitted in 15/16.
12. The MPS are currently undertaking a review of Supplies and Services expenditure in light of the requirement to make 10% savings on this budget next year.
13. **Capital Financing Costs:** Forecast saving of £7.3m (12.2%). This is due to lower than expected borrowing and higher than expected capital receipts

### Capital Expenditure and Receipts

14. **Table 3** provides a summary of the current financial position for capital expenditure and receipts. Forecast Capital expenditure as at September 2014 is £227.1m which is £141.1m below the approved budget of £368.2m. Capital receipts as at September 2014 are £55.3m and are forecast to reach £150m by the year end.
