

Subject: Police and Crime Committee Work Programme

Report to: Police and Crime Committee

Report of: Executive Director of Secretariat

Date: 12 November 2015

This report will be considered in public

1. Summary

1.1 This report sets out the work programme for the Police and Crime Committee.

2. Recommendations

2.1 **That the Committee notes its work programme, as set out in this report.**

2.2 **That the Committee agrees to use its meeting on 3 December 2015 for an investigation into alcohol related crime.**

2.3 **That the Committee delegates authority to the Chair, in consultation with the party Group Lead Members, to agree the scope for the Committee's investigation into alcohol related crime.**

3. Background

3.1 The Committee's work programme is intended to enable the Committee to effectively fulfil its roles of holding the Mayor's Office for Policing and Crime (MOPAC) to account and investigating issues of importance to policing and crime reduction in London. The Committee's work involves a range of activities, including formal meetings with MOPAC, the Metropolitan Police Service (MPS) and other stakeholders, site visits, written consultations and round table meetings.

3.2 The Committee will usually meet twice a month. One of the monthly meetings is usually used to hold a question and answer session with the Deputy Mayor for Policing and Crime. The Commissioner of the MPS has been invited to these meetings. The Committee will primarily use question and answer (Q&A) meetings to investigate topical issues and review MPS performance, including consideration of MOPAC's approach to holding the MPS to account.

3.3 The Committee's other monthly meeting is used to consider a particular topic or aspect of policing and crime in greater detail. These investigations will be conducted either by the full Committee or

working groups. Working groups will have delegated authority to prepare reports on the Committee's behalf in consultation with party Group Lead Members. Final reports will be approved and published by the full Committee. Where possible, working groups will make use of the dates scheduled for the Committee's 'thematic' meetings.

4. Issues for Consideration

- 4.1 The work programme has been designed to proactively examine issues of interest but also allows for flexibility to respond to topical issues and for the Committee to react to MOPAC's work programme. Topics will be added to the timetable for Q&A meetings as they arise. The Committee's work programme currently includes:

November	Thursday 12 November 2015 Thematic meeting – Crime on public transport	Thursday 26 November 2015 Q&A meeting
December	Thursday 3 December 2015 Thematic meeting – Alcohol related crime	Thursday 17 December 2015 Q&A meeting

Current investigations

- 4.2 The Committee is currently investigating crime on public transport in London. While crime across the public transport network remains relatively low, challenges exist, such as the rise in sexual offences across the public transport network. The investigation will consider how to reduce crime and improve safety on public transport, and how the Mayor is working with key partners to achieve these goals. At its meeting on 8 October 2015, the Committee heard from academics and campaign groups about crime on public transport in London and the challenges and opportunities that exist to further reduce crime and increase passenger safety. The Committee will discuss these challenges and opportunities with those responsible for passenger safety, including the MPS, British Transport Police and Transport for London.
- 4.3 The Committee will shortly begin a short investigation into alcohol related crime. London is said to experience a disproportionate level of alcohol related crime because of the number of night time economy spots.¹ London Councils suggest that "alcohol is a significant factor in crime and is believed to be a factor in up to half of all violent incidents" in London.² In December 2014 the Mayor, in response to a question about the rise in violence with injury in London, suggested that in addition to an increase in reporting, "there is low-level violence taking place in town centres associated particularly with alcohol and the perpetrators aged typically between 26 and 41".³ The Committee will examine the levels and perceptions of alcohol related crime in London, and what MOPAC can do to tackle this issue, including examining the impact of MOPAC's compulsory alcohol sobriety trial in south London.

5. Legal Implications

5.1 The Committee has the power to do what is recommended in this report.

6. Financial Implications

6.1 There are no financial implications arising from this report.
