Dear Deputy Commissioner

Thank you for your attendance at the Police and Crime Committee last week. It was a useful discussion and I am grateful for your positive engagement with the Committee's work.

There were two issues on which you committed during the meeting to write with further information or clarification and I set these out below.

- The number of staff members that make up the MPS workforce; and
- Where the 1,126 officers, that comprise the gang crime unit, have come from.

I would appreciate a response before the next Police and Crime Committee on 8 March 2012 if possible please. Thank you in advance for taking the time to prepare a response.

Yours sincerely
