Dear Mr McKee,

West London Submission to the Outer London Commission

Thank you for the invitation to make a submission about Outer West London to your Commission on the key issues being addressed by the Commission.

We would like to take this opportunity to thank the Commission for their time at the Commission's meeting in public held in Ealing on the 1st November and for the valuable discussion of our views.

We are pleased to have the opportunity to formally contribute to the Commission's considerations on the Supplementary Planning Guidance to implement the policies of the new London Plan. I attach the views of the West London Alliance (WLA) in two submission documents, endorsed by our partner boroughs, and I can confirm that West London Business is broadly in support of these views. The first submission encompasses the views of the five Outer West London Boroughs of Brent, Ealing, Harrow, Hillingdon and Hounslow to the individual questions and the second submission summarises the views of the London Borough of Hammersmith and Fulham in relation to Parking Policy, Strategic Outer London Development Centres and Town Centres.

As the Commission will be aware, Hammersmith and Fulham is an inner London Borough and is not within the definition of Outer London. However, it has a significant relationship with Outer West London. It forms the nexus of some of the radial growth corridors and is a significant location for businesses with major employment opportunity sites, adjacent or linked with West London. It is for these reasons that the WLA enclose their response.

I understand from colleagues at the London Borough of Hillingdon that a separate submission has been made which is restricted to their own response to the Commission's questions. I would like to clarify that London Borough of Hillingdon also endorse the WLA response which they have contributed to.

Please do not hesitate to contact me if there is a need for any clarification in relation to the West London submission.

Yours sincerely

Ian Nichol
Director, West London Alliance
