

Response from Councillor Ray Morgon, Leader of the London Borough of Havering, to Motion 3.3 - Blue Badge Theft

Received by email on 8 January 2025

“Hi Caroline,

I certainly support the motion and can confirm that we already work in partnership with BBFI (Blue Badge Fraud Investigator) to tackle Blue Badge misuse. Our Civil Enforcement team have access to the enforcement module of the Blue Badges database provided by the Department for Transport.

With regards replacement blue badges: in Havering replacement badges have always been dealt with as a priority and replacement badges fast tracked to make the process as efficient as possible.

Regards

Ray”
