About this form

This form should be used by providers to apply for any learning aim(s) that they wish to be added to the list of eligible provision under the following GLA adult skills fund flexibilities.

- FCFJ regional flexibility
- Level 4 flexibility
- CPD to support disabled learners and learners with SEND flexibility

The list of existing eligible learning aims under these flexibilities will be published on the [GLA website](#) and updated periodically.

For any request not part of the above GLA flexibilities, providers should use the 'other' option in the GLA flexibility drop down list in Section 2 – Learning aim(s).

Please use this application form to submit your business case. We reserve the right not to support your request where satisfactory information has not been provided or where there are other concerns.

Permission will not be granted for qualifications which have reached or are approaching their Operational End Date as recorded on the Ofqual [register of regulated qualifications](#).

Please email your completed application form to qualifications@london.gov.uk with the flexibility specified in the subject line.

The form is made up of three sections:

Section 1 – Contact information

Requires some basic contact information so we can get in touch with you about your application.

Section 2 – Learning aim(s)

Requires you to provide details of your proposed learning aim(s) including the qualification aim, GLH, SSA tier 2 and Ofqual Operational End Date.

Section 3 – Supporting information

Requires you to provide a short business case and confirmation of the technical checks which are needed to support your application.

You must answer all questions, within the stated word count, for your application to be assessed.

Guidance for providers

All GLA flexibilities are outlined in the [GLA ASF funding and performance management rules 2025-26](#).

Only learning aims approved by the GLA in advance of enrolment will be fundable within these flexibilities.

Your application should include details of the proposed learning aim(s) you wish to add to the list of eligible provision, including information on the qualification type and how the learning aim(s) will support learners to gain vocational, technical or occupational qualifications of importance for London, as well any relevant employer engagement.

Strong consideration will be given to applications that link proposed delivery to the Mayor's [London growth plan](#).

Applications should demonstrate:

- Clear pathways into key growth sectors
- The integration of skills, jobs, careers and health services
- Evidence of employer need/skills shortage
- Details of employer engagement and/or partnerships (including programme design and/or investment or other support)

Learning aims requested under the FCFJ regional flexibility cannot be on the FCFJ national list.

Learning aims requested under the *Continuous professional development to support disabled learners* flexibility can only be used to upskill staff who are:

- employed within publicly funded adult and further education sectors
- existing staff in teaching or learning support roles delivering specialist provision to learners who are disabled or who have special educational needs

Approved qualifications will have an initial two-year validity period applied. To ensure that the qualifications listed remain relevant, the GLA reserve the right to remove unutilised qualifications at the end of this period if no further application has been made.

If approved, learning aims will appear on the [Find a Learning Aim Service](#) with the MCA/GLA funding branch attached. The GLA published flexibility lists will also be amended to contain any new additions.
