

## **Estate regeneration projects where the GLA has approved funding since introducing the Resident Ballot Requirement on 18 July 2018**

**Last updated:** 5/12/2025

**Covers up to:** 30/09/2025

The below list details projects for which the GLA has approved funding since introducing the Resident Ballot Requirement on 18 July 2018, and where GLA Investment Partners have indicated on the GLA's Open Project System (OPS) that the project forms part of an estate regeneration. The list contains information that the GLA collates at a particular point in time and is likely to be partial and subject to change. It should not be seen as a definitive list of all estate regeneration projects in receipt of GLA funding. Projects in this list may be subject to a ballot unless the GLA Investment Partner has sought an exemption from the GLA, or the project falls beyond the scope of the resident ballot funding condition. The approximate number of homes detailed for each project below includes both affordable homes the GLA is funding and other homes being delivered without GLA funding (such as private homes). As of November 2025, the GLA will no longer be updating the approximate number of homes on previously approved estate regeneration schemes published in this list. Residents looking for further information about regeneration schemes on this list should speak to their landlord.

<b>Estate/project name</b>	<b>Other/previous names (if known)</b>	<b>Borough</b>	<b>Approximate number of new homes (including homes both with and without GLA funding)</b>	<b>GLA Decision</b>	<b>Project also funded before 18 July 2018?</b>	<b>Date GLA first approved funding for project in OPS</b>
