

Estate regeneration projects where residents voted in favour of regeneration

Last updated: 28/01/2026

Covers up to: 31/12/2025

This list sets out estate regeneration projects where the GLA has received a completed GLA Resident Ballot Compliance Checklist (see paragraph 8.5.19 in the [GLA's Affordable Housing Capital Funding Guide](#)), signed by an independent body and confirming that:

- a resident ballot has taken place on the named estate; and
- residents voted in favour of the Landlord Offer to regenerate the estate.

Where a ballot is required by the GLA's Affordable Housing Capital Funding Guide, GLA Investment Partners are only required to notify the GLA about the result of the ballot if residents voted in favour of the Landlord Offer to regenerate an estate. This list does not therefore include estates where residents voted against the Landlord Offer to regenerate the estate. Similarly, there are no requirements for GLA Investment Partners to notify the GLA if they undertake voluntary ballots (i.e. ballots that are not required by the GLA's Affordable Housing Capital Funding Guide). As a result, voluntary estate regeneration ballots are not included in this list.
