Date: 26 June 2025 14:22:48

Dear all,

The monthly meeting with the MPS on their response to missing and child exploitation took place on 17th June. Here are brief points from the meeting:

Meeting date: 17 June 2025. [redacted]

Response to child exploitation/ missing:

- [redacted] noted that the Casey audit of group based CSE recommendation (4) to record suspect ethnicity may be difficult to achieve, unless the requirements is to record 'where suspect is known'.
- There is still uncertainty in the force as to the impact of 'tough choices' - [redacted] is unsure if this will affect officer uplift in CE.
- The team are developing a dashboard on CE/ missing for intelligence purposes and performance management.
- [redacted] noted that they are trying to develop a version of the dashboard (without case level data behind it), to share with partners. They are also continuing work to develop the CE problem profile.
