Dear all,
I met with the Met TPA ([redacted]) on child exploitation yesterday to get an update on the Met's problem profile on child exploitation, and also on Operation Makesafe (awareness raising of child exploitation in venues including hotels, taxi firms etc). We were joined by the LRO for CE and missing people, [redacted]

NPCC Hydrant programme - research report on group based CSE, November 2024

- [redacted] highlighted that the NPCC lead for child protection and abuse investigation (CPAI) - Operation Hydrant - published a national CSE 'problem profile' in November 2024, which focused on group based offending - CSE-Taskforce-Group-Based-Offending-Publication-November-2024.pdf (hydrantprogramme.co.uk). This was based on data from all forces.
- The Hydrant programme has recently contacted the Met, and other forces, to provide further information about its operational/ strategic approach to tackling CSE, and for a range of quantitative data.
