Subject: Problem profile / HMIC recommendation

Hi,
(Apols as having to send off phone due to WiFi here)
As I understand the problem profile ask from HO stems from a HMIC report recommendation.
The HMIC report is here https://assets-hmicfrs.justiceinspectorates.gov.uk/uploads/inspection-police-law-enforcement-response-group-based-child-sexual-exploitation-2.pdf):
The recommendation is: By 31 December 2024, all chief constables should make sure that their forces have problem profiles for child sexual exploitation, each of which should include an assessment of the nature and extent of group-based child sexual exploitation. This should include relevant data from local partner agencies and should be updated frequently, at least annually.
The government yesterday said (https://www.gov.uk/government/speeches/next-steps-to-tackle-child-sexual-exploitation):
And all police forces will be expected to implement the 2023 recommendations from His Majesty's Inspectorate, including producing 'problem profiles' on the nature of grooming gangs in their area. And I have asked the Inspectorate to review progress this year
Grateful if you can confirm that it is this work the MPs will be doing and if you will be looking at local partner agency data as part of this.
Best
