MAYOR OF LONDON

Marina Ahmad AM
By email

Our ref: MGLA030726-3120

Date: 14 October 2026

Dear Marina,

Thank you for submitting this petition to the Mayor and for sharing residents' request for a pedestrian crossing on Queen's Road. As Deputy Mayor for Transport, I am responding on the Mayor's behalf. The safety of Londoners and visitors alike remains our top priority, and the Mayor, TfL and I are committed to the Vision Zero goal to eliminate all deaths and serious injuries from London's roads.

Transport for London and the Mayor value hearing from local residents about areas of concern. This local feedback helps TfL to identify potential areas for investment and feeds into decisions around new schemes and projects to enable safe active travel. As I am sure you will understand, TfL receives many requests for safety-related changes on its road network. It makes decisions based on safety data, prioritising the most dangerous junctions.

Following your petition, TfL officers looked into the suggestion for an additional crossing on this section of Queen's Road. TfL's priority is to focus the limited funding that it has on schemes that are the most feasible, affordable and will have the greatest impact on encouraging more public transport use, reducing road danger, and enabling more walking and cycling. Unfortunately, the proposal and location do not meet these criteria sufficiently as there are other locations across London that demonstrate a greater need.

I appreciate that this response will be disappointing to you and the residents. However, please be assured that TfL regularly re-assesses prospective schemes and interventions across London's transport and road network against a range of datasets, to ensure that funding is used in the most impactful way. If future data indicates a case to intervene, TfL will reconsider the proposal accordingly.

Yours sincerely,

Seb Dance

Seb Dance
Deputy Mayor for Transport
