Adjustments to ASF grant allocations following exceptional case for adjustment process

Table 1 – Adjustments to Indicative Adult Skills Fund (ASF) Grant allocations

Provider Name	Indicative ASF +FCfJ allocation in 2026-27 (£)	ASF+FCfJ requested (£)	Officer recommendation	Rationale for recommendation	Amount (£) recommended	Final ASF+FCfJ allocation in 2026-27
North Kent College	-	£100,000	Endorse in full for 2026/27 AY	This provider's 2026-27 allocation was removed following two years of underperformance in delivery. Their performance has improved significantly in the year to date 2025-26, and so reinstating their allocation is recommended.	£100,000	£100,000
The City Literary Institute	£7,488,254	£248,251	Partially supported an adjustment for 2026/27 AY	The request makes a case for exceptional adjustment to address funding reductions and financial pressures. Review of the case found that the Institution has the lowest funding rate per enrolment and learner across grant providers in 2024-25. In contrast, the City Lit has the highest volume of enrolments in London, which is 10% of all enrolments in London. Although rated Outstanding by Ofsted, the institution is rated 'requires improvement' for financial health by the DfE. It is recommended that the growth funding value achieved in 2025-26 is consolidated into the 2026-27 allocation to mitigate the funding position.	£152,837	£7,641,091
Mary Ward Settlement	£2,336,336	£650,000	Partially supported an adjustment for 2025/26 and 2026/27 AY	The request relates to growth in provision arising from local demand in the Strafford area and the limited funding available to meet demand. The case also identifies the impact of funding reductions and the financial pressure faced by the organisation, which is	£122,637	£2,458,973

				currently in DfE intervention because of financial difficulties. The Mary Ward Centre was subject to a FE Commissioner Led Structure and Prospects Appraisal process and the expected outcome is a recommendation for merger to sustain the future provision. It is recommended to support the case based on the actual performance shown in the ILR R06 for both an in-year growth for 2025-26 AY, which will result in a 2025-26 ASF + FCfJ allocation of £2,497,331 and an increased allocation for 2026-27 AY.		
United Colleges Group	£11,818,726	£600,000	Not recommended	The request relates to additional construction skills funding. The assessment and allocation of additional construction skills funding will take place via a separate process.	-	£11,818,726
Brooklands College	-	£100,000	Not recommended	This provider's 2026-27 allocation was removed following two years of underperformance in delivery. Their performance in the year-to-date indicates the provider will also underperform for the 2025-26 academic year, and so no reinstatement of their allocation is recommended.	-	-
Total	**£21,643,316**	**£1,698,251**			**£375,474**	**£22,018,790**

** Camden London Borough Council has had £100,000 transferred to Tailored Learning from the rest of the allocation. This does not impact their total allocation.
