20 March 2018

Dear [REDACTED]

Thank you for your request for information which the GLA received on 1 March 2018. Your request has been dealt with under the Freedom of Information Act 2000.

You asked for;

1. *The dates and locations that the London Mayor Sadiq Khan has met with employees and/or directors of West Ham United since coming to office and who the attendees were in each of the meetings and the intended purpose of each meeting.*

In line with our publication scheme, the [Mayor's diary](#) is published on our website twice a year. The GLA has already published the Mayor's diary covering the period May 2016 to October 2017. The next publication of the diary will include dates from November 2017 to April 2018.

The Mayor's key engagements are also published in the [Mayor's report](#) which forms part the meeting papers at each Mayor's Question Time.

2. *The dates and purpose of any future scheduled meetings between the London Mayor and employees and/or directors of West Ham United and who the planned attendees are.*

In relation to the information which the GLA holds and intends to publish, section 22 of the FoI Act provides an exemption for information that is intended to be published in the future. Information is exempt if, at the time when the public authority receives a request for it:

- the public authority holds the requested information;
- the public authority intends the information to be published at some future date, whether that date is determined or not; and
- in all the circumstances it is reasonable to withhold the information until its planned publication.

Section 22 acknowledges that public authorities must have freedom to be able to determine their own publication timetables. This allows them to deal with the necessary preparation, administration and context of publication. It is however necessary to consider whether the

public interest in maintaining the exemption (and withholding the information until the publication date), is greater than the public interest in releasing the information before this date.

In this instance, it is felt that there is a greater public interest for the GLA to keep to its original timetable of disclosure. The decision to publish the Mayor's diary on a six month basis was made in order to allow the Mayor's office to effectively manage their workload and the work required to prepare such a large amount of information for publication.

The decision to proactively publish the Mayor's diary demonstrates the GLA's commitment to openness and transparency and we believe a six month publication cycle for this information is appropriate. The public interest in the release of the Mayor's meetings and key engagements is also met by the more regular publication of the Mayor's report.

The public interest – i.e. the best interests of the public – is met by the GLA being open and transparent, but also by managing its resources effectively, and this includes setting reasonable publication schedules to meet this public interest.

While there is an obvious public interest in the release of the Mayor's diary, we believe this is met by our intention to publish this information in the coming month. We do not believe the public interest favours the disruption that would be caused to GLA staff by expediting this publication when its early publication would not meet any immediate or exceptional public concerns at the present time.

We therefore find the balance of public interest falls in maintaining the exemption and the GLA publishing this information in accordance with our existing publication timetable.

3. *I would also like to see any correspondence whether it be emails or letters between the London Mayor or his office and West Ham United employees and/or directors since the current London Mayor came to office.*

Please find attached the information we have identified as being within the scope of your request.

Please note that some further information relating to your request has already been published in response to a separate FOI request. The response can be found on our [disclosure log](#).

Yours sincerely
