

**Department: Planning**  
**Our ref: MGLA311218-1706**

**Date:** 22 January 2018

Dear [REDACTED]

**Freedom of Information request**

Thank you for your email dated 28 December 2018, which was received by the Greater London Authority on 28 December 2018.

Our response to your request is as follows:

*Please could you provide me with a list by London Borough of cases notified to you since 1 June 2016 as a "tall building"*

*For each case, please could you provide:*

1. *The name and address of the development*

Please see the attached spreadsheet.

2. *The GLA reference*

Please see the attached spreadsheet.

3. *The height of the building(s) in metres*

Please see the attached spreadsheet. We only hold information on the tallest building within a scheme and its height in storeys.

4. *Whether stage 1 and stage 2 reports were issued*

The spreadsheet only lists stage 2 applications as that is the only information we hold. As such, all of the applications listed would have stage 1 and 2 reports issued.

5. *Whether the proposed development was explicitly assessed against Policy 7.7 of the London Plan and/or Policy D8 of the Draft London Plan*

All of this information is in the public domain, contained within the specific reports which are available on our planning application search: <https://www.london.gov.uk/what-we-do/planning/planning-applications-and-decisions/planning-application-search>.

*6. Whether the Mayor called-in the application, directed refusal or left the case to the Borough*

Please see the attached spreadsheet.

*7. Whether the tall building complied with the London Plan*

All of this information is in the public domain, contained within the specific reports which are available on our planning application search: <https://www.london.gov.uk/what-we-do/planning/planning-applications-and-decisions/planning-application-search>.

Please also note that our definition of a tall building is schemes referred to the Mayor under category 1C of the Mayor of London Order (2008) as set out below.

*1. Development which comprises or includes the erection of a building of one or more of the following descriptions—*

*(a) the building is more than 25 metres high and is adjacent to the River Thames;*

*(b) the building is more than 150 metres high and is in the City of London;*

*(c) the building is more than 30 metres high and is outside the City of London.*

*2. A building is adjacent to the River Thames for the purposes of paragraph 1(a)—*

*(a) if the building is wholly or partly on a site which falls within an area identified as a Thames Policy Area in the development plan in force in the area in which the application site is situated; or*

*(b) where no such area is so identified in respect of the relevant part of the River Thames, if the building is wholly or partly on a site which falls within the Thames Policy Area being the area bounded by the outer edge of the red line on the set of maps numbered 1 to 3 entitled “Maps of the Thames Policy Area referred to in the Town and Country Planning (Mayor of London) Order 2008”, of which prints, dated 28th February 2008 and signed by a Deputy Director in the Department for Communities and Local Government, are deposited and available for inspection at the offices referred to in paragraph 2 of Category 1B(b).*

If you have any further questions relating to this matter, please contact me, ensuring that you quote the reference at the top of this letter.

Yours sincerely
