

REQUEST

I require copies of records, as per the Freedom of Information Act 2000.

Description of Requested Records:

All studies / reports in the possession, custody or control of anyone acting for "Mayor's Office for Policing and Crime", that describe anyone on Earth finding and **purifying the alleged COVID-19 virus, aka "SARS-COV-2"**, directly from the bodily fluids of any diseased human where the bodily fluids were not first combined with any other source of **genetic** material (i.e. a human or animal cell line; fetal bovine serum).

Please note that I do **not** require and do **not** want studies/reports where researchers failed to **purify** an alleged "virus" from a sick human's bodily fluid and instead:

- cultured an unpurified substance (i.e. bodily fluid) in a malnourished cell line, added toxic drugs, watched for cytopathic effects and called that "virus isolation", and/or
- performed an unreliable amplification test (i.e. a PCR test), that can only detect sequences and **not** "viruses", in the soup of genetic material extracted from a patient's bodily fluid or from monkey/cow/human cell culture supernatant, and/or
- fabricated an in silico (computer) sequence ("genome") from millions of sequences unreliably detected in the soup of total RNA extracted from a patient's bodily fluid or from a monkey/cow/human cell culture, and/or
- produced electron microscopy images of unpurified particles in a monkey/cow/human cell culture.

Clarification of Request

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and that a strict application of Koch's Postulates would not be possible even if theoretical "viruses" existed. I do **not** require or want records describing the **replication** of an alleged "virus" without host cells, or fulfillment of Koch's Postulates, or a suspected "virus" floating in a vacuum, or private patient records.

I simply require records that describe **purification (separation)** from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

I require any study/report matching the above details, **authored by anyone, anywhere**, since the alleged discovery of this alleged "virus".
