RESPONSE – Number of people convicted of a crime involving sexual assault and sexual harassment on London's Underground and Overground rail networks

Thank you for your Freedom of Information request to the Mayor's Office for Policing And Crime (MOPAC) dated 19 June 2014, relating to sexual assaults on London's Underground and Overground rail networks.

I confirm that I am replying under the Freedom of Information Act 2000 and that MOPAC does not hold the information you request.

The British Transport Police (BTP) is the national police force for the railways in the UK. It is responsible for policing the Tube, DLR, London Tramlink, London Overground and the rail network in London.

London is served by three BTP areas:

BTP L Area is the dedicated policing unit for the Tube and DLR BTP London North Area covers Overground rail stations in north London and beyond (as far as East Anglia) BTP London South Area covers Overground rail stations in south London, London Tramlink and the south east of England

Please see the link below for details of how to make an FOI request to BTP.
