SAVINGS

(For the avoidance of doubt, this page does not form part of the London Plan or the statutory development plan)

The following items of supplementary guidance issued to support the London Plan (Consolidated with Alterations since 2004) published in March 2008 are being saved on the basis of their being referenced in the text of the London Plan:

Supplementary guidance

- The formally published Opportunity Area Planning Frameworks
- Accessible London: Achieving an inclusive environment
- Sustainable Design and Construction
- Land for Transport Functions
- London View Management Framework
- East London Green Grid Framework
- Providing for Children and Young People's Play and Informal Recreation
- Industrial Capacity
- Use of Planning Obligations in the Funding of Crossrail
- London's Tree and Woodland Framework

Best practice guidance

- Guide to Preparing Open Space Strategies
- Safeguarded Wharves on the River Thames
- Managing the Night Time Economy
- · Health Issues in Planning
- Wheelchair Accessible Housing
- Improving Access to Nature Implementation Report
- London's Foundations (Protecting Geodiversity)

The Mayor is developing a programme for production of a new suite of supplementary guidance to support implementation of the London Plan which will, over time, replace this guidance and cover many of the issues dealt with in guidance which has not been saved for the transitional period. Further details will be published shortly.
