

REQUEST

I am a student currently studying Economics at the University of Cambridge.

I am writing to enquire about statistics on police workforce numbers at local authority level in London please. I was wondering if you would be able to provide me with data on the number of police officers and police staff at local authority level for London for the years 2002-2017 on an annual basis (Jan-Dec) in an Excel format? Please let me know if this is data that you would be able to provide, or point me in the right direction to please?

REQUEST

Thank you for your email of 24 January to the Mayor's Office for Policing And Crime (MOPAC).

Please follow the link below to the London Data Store which will provide the information you request

https://data.london.gov.uk/dataset/recorded_crime_associated/resource/893044be-2edc-4045-b7e5-7f82148e8cc0#

I do hope this is helpful to you.
