Our Ref: MGLA011019-3753

8 October 2019

Dear [REDACTED]

Thank you for your request for information which the GLA received on 1 October. Your request has been dealt with under the Freedom of Information Act 2000.

You asked for:

How many homeowners living in the Greater London geographical area have to access their homes by driving along a private road which passes through a commercial or business park area

We can confirm that the GLA does not hold the information you have requested.

Local roads in Greater London are managed by each of the 33 London Boroughs who are the local Highways Authority.

The GLA's road network data is supplied by Ordnance Survey <https://www.ordnancesurvey.co.uk/business-government/tools-support/mastermap-highways-support> and does not include a flag specifically for 'private'. Therefore, unfortunately, we are not able to help you in this instance.

Yours sincerely

[REDACTED]
