Date: 8 October 2015

Dear Mr Hardwick

Freedom of Information request

Thank you for your email of 10 September 2015.

Our response to your request is as follows:

"Please can you provide copies of all correspondence with AMEC in relation to the GLA's request for an independent review; specifically the 'updated second report' dated August 2015"

Please find attached the correspondence you requested in addition to a copy of the second AMEC report which I believe you already have.

As part of the GLA's usual process where there are air quality considerations in a planning application being considered, advice was sought from specialist consultants retained by the authority (AMEC Foster Wheeler). The attached correspondence sets out how the advice was commissioned and further discussions between the consultants and authority officers. The outputs of the AMEC Foster Wheeler report informed and were reflected in the Stage II report to the Mayor, including encouraging the Royal Borough of Greenwich to explore further opportunities for mitigation in addition to the funding and mitigations they had already secured.

If you have any further questions relating to this matter, please contact me, ensuring that you quote the reference at the top of this letter.

Yours sincerely

Jonathan Finch
Strategic Planner

If you are unhappy with the way the GLA has handled your request, you may complain using the complaints procedure, available at: <http://www.london.gov.uk/mayor-assembly/gla/governing-organisation/freedom-information>.
