18 September 2018

Dear [REDACTED]

Thank you for your further request for information which the GLA received on 4 September 2018. Your request has been dealt with under the Freedom of Information Act 2000.

Our response to your request is as follows:

1. *Can the mayor provide a date by which he can GUARANTEE there will be no black cabs left on London's streets with lower than Euro 6 standard emissions.*

The GLA does not hold the information in relation to this part of your request. Transport for London (TfL) is the Mayor's transport authority and is responsible for implementing the Mayor's Transport Strategy, and for the day-to-day operational running of transport services. There is a maximum 15 year age limit for taxis but TfL have the data on when the last Euro 5 will leave the fleet. You may wish to send a further request to TfL at foi@tfl.gov.uk.

2. *How many have taken up the voluntary grant/scrappage scheme available to switch from black cabs older than 10 years to a new electric vehicle?*

There were 210 eligible applications and 126 payments made as of 31 August 2018

If you have any further questions relating to this matter, please contact me, quoting the reference MGLA050918-2061.

Yours sincerely

Paul Robinson
Information Governance Officer
