Dear Sadiq,

I hope you are well.

I have been approached by a constituent about the plight of the Rohingyas. There has also been a great deal of concern in my constituency, particularly Tower Hamlets.

I appreciate that this is an area outside your jurisdiction but using your position as the Mayor of a diverse, cosmopolitan, and leading world city could I ask you to formally add your voice to those calling on the Foreign Office to put maximum pressure on the Burmese authorities to stop these mass killings by their armed forces, observe human rights and allow international monitoring and humanitarian agencies into Rakhine Province as a matter of urgency.

I look forward to hearing from you.

Best wishes

Unmesh Desai AM
