

REQUEST

We are currently editing a video that we have in production for the Wickers Charity that is in application for charity status.

The charities vision is to help stop knife crime in Hackney and give the children a local community hub to help them with educational workshops, mentoring services, counselling services, well-being services tuition in employment, mentoring and opportunities to play team sports.

Could I ask you kindly to direct me in how to obtain all the latest statistics of knife crime to add to our video that are available.
