

## REQUEST

I am writing to you to kindly ask you for information regarding youth crime statistics.

We are conducting a research project on the impact of secondary school academies on youth crime in London.

As an outcome variable, we are currently looking at youth offences as reported by YOTs.

In addition to the information contained in that data set, I would like to ask you whether you could provide me the following information:

1. Aggregate statistics on hours and days of the week when youth commit crime
2. Data from the Borough Workforce Dashboard for the years between 2005 and 2015, or any year within this interval.
