Our Ref: MGLA120421-0226

6 May 2021

Dear ██████████

Thank you for your request for information which the GLA received on 7 April 2021. Your request has been dealt with under the [Freedom of Information Act 2000/Environmental Information Regulations 2004].

You asked for:

Please provide a schedule of all data held by OPDC, from the date of its formation, to date, from the Department for Transport (or another government department or any other public-sector body), regarding any aspect of passive provision, including land use, for the 'High Wycombe - Old Oak Common Railway Line' (or 'Chiltern Line' or similar name), a railway which is possibly reopening sometime in the next 120 years (the HS2 design lifetime) to terminal platforms at the HS2/GWML station at Old Oak Common, and running across the 'Adjacent Site Development' land.

Please find the relevant information below. Please note, names have been redacted from the information in reliance on the third party personal information exemption at section 40(2)&(3A)(a) of the FOI Act. These individuals are not in public facing roles and therefore have a reasonable expectation that their names will not be placed into the public domain. To do so would be unfair and would contravene current Data Protection legislation.
