Dear [REDACTED]

Thank you for your request for information which the Greater London Authority (GLA) received on 28 October 2020. Your request has been considered under the Freedom of Information Act 2000.

You requested:

Details of all invoices paid from April 1 2018 – March 31 2020 where the payment date is greater than 30 days after the invoice date.

To include the following information:

Supplier name

Invoice date (date on invoice)

Date invoice was paid

Invoice gross value

Also include if available and can be incorporated within this request:

Invoice transaction reference

Supplier invoice reference

Supplier number (your system reference)

Invoice net value

Invoice VAT value

Most councils publish invoice payment information on their websites as transparency data however this typically references the payment date only - I would also like the invoice date field.

Please provide the information in electronic form, eg Excel, CSV, TXT file.

Please find attached the information we hold within the scope of your request.

- Please note that the invoice receipt date is not necessarily the invoice date
- We do hold invoice references but we are withholding these for security reasons. This information being withheld under section 43 (2) (Commercial interests) of the FOIA. Section 43(2) provides that information can be withheld from release if its release would, or would be likely to, prejudice the commercial interests of any person, including those of the GLA or our suppliers. The release of invoice references in conjunction with

the other details being released, would increase the risk of someone being able to fraudulently access records or funds e.g through 'phishing'. The GLA recognises the legitimate public interest in the release of information relating to the use of public money. The right to know must be balanced against the need to responsibly handle financial information and protect public funds. In balancing the public interest in disclosure, we consider the greater good or benefit to the community as a whole lies in maintaining the exemption.

- We are unable to provide the net value or the invoice vat value as this is not available with the current reporting system. To extract this data line by line for both elements would significantly exceed the 'appropriate limit' of £450 set by the Freedom of Information (Appropriate Limit and Fees) Regulations 2004. Under section 12 of the FOI Act, we are not obliged to comply with a request if the cost of determining whether we hold the information, locating and retrieving it and extracting it from other information would exceed the appropriate limit. This is calculated at £25 per hour for every hour spent on the activities described and equates to 18 hours of work.

If you have any further questions relating to this matter, please contact me, quoting the reference MGLA291020-8790.

Yours sincerely

Information Governance Officer

If you are unhappy with the way the GLA has handled your request, you may complain using the GLA's FOI complaints and internal review procedure, available at:
