

MAYOR OF LONDON

[REDACTED]
[REDACTED]

Our Ref: MGLA241121-8605

15 December 2021

Dear [REDACTED]

Thank you for your request for information which the GLA received on 24 November 2021. Your request has been dealt with under the Freedom of Information Act 2000.

You asked for;

"I understand from correspondence with City Hall that the analysis underpinning the London Environment Strategy was able to take into account the new road link at Silvertown and any associated traffic.

Could you provide me with a copy of this analysis? Does it include traffic projections, and, if so, could you provide me with a copy of these?"

Our response to your request is as follows:

The evidence base for the London Environment Strategy is published here:

https://www.london.gov.uk/sites/default/files/les_appendix_2_-_evidence_base_0_0.pdf.

In the London Environment Strategy evidence base you will see that both the air quality and climate change sections refer to underlying transport modelling provided by Transport for London (TfL) as part of the evidence base for the Mayor's Transport Strategy. This was done to ensure consistency between the various strategies. The evidence base for the Mayor's Transport Strategy is published by TfL here:

<https://tfl.gov.uk/corporate/publications-and-reports/travel-in-london-reports#mtsevidence>.

The "Mayor's Transport Strategy Outcomes Summary Report" includes details of how the Silvertown Tunnel and other future projects have been incorporated into the underlying traffic modelling.

MAYOR OF LONDON

The GLA does not separately hold the traffic projections referred to in your question, you may wish to contact Transport for London directly for more details.

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this letter.

Yours sincerely

Information Governance Officer

If you are unhappy with the way the GLA has handled your request, you may complain using the GLA's FOI complaints and internal review procedure, available at:
