

REQUEST

Under the FOI Act, I would like to request the following:

The number of residential burglaries committed against victims who are 65 years or older, in 2017/18 and 2018/19.

Please note: if you have recorded residential burglaries according to a different age bracket (such as 60 years or older, 55+, or any other top-end category) then please provide those figures instead.

I also note the ONS definition change from domestic burglary to residential burglary in April 2017, hence why I have requested 2017/18 and 2018/19. If the only available annual statistics are, for example, September-September as opposed to April-April, then please provide those instead.
