17 December 2020

Dear [REDACTED]

Thank you for your request for information which the GLA received on 1 December 2020. Your request has been dealt with under the Environmental Information Regulations (EIR) 2004.

You asked for:

Could you please send me in Excel format the pollution readings (preferably monthly or daily) *from as far back as you hold the data for the following roads:*
Auckland Road, SE19, Lancaster Road, SE25, Hamlet Road, SE19, Whitehorse Lane, SE25, South Norwood (A215), SE25, Church Road (A212), SE19

Our response to your request is as follows:

The GLA does not hold the monthly or daily readings for these sites. Transport for London (TfL) is the Mayor's transport authority and is responsible for implementing the Mayor's Transport Strategy, and for the day-to-day operational running of transport services. We have made enquiries with them and they may hold information for Norbury, Catford or Croydon. If this information would be of use to you then please send your request to TfL at foi@tfl.gov.uk.

The area surrounding these roads will be included in the Londonwide modelling which is available here: <https://data.london.gov.uk/air-quality>.

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this letter.

Yours sincerely
