

## PART 2 – CONFIDENTIAL FACTS AND ADVICE

**DMDFD5**

**Title: Provision of Water Supply, Sewage and Ancillary Services**

*Information may have to be disclosed in the event of a request under the Freedom of Information Act 2000. In the event of a request for confidential facts and advice, please consult the Information Governance team for advice.*

**This information is not for publication until the stated date, because:**

The London Fire Commissioner is procuring these services as a part of a consortium. LFB signed an agreement to join the consortium that includes a requirement not to publish information about the consortium that may disadvantage other and/or future members of the consortium when making their own procurements.

**Date** at which Part 2 will cease to be confidential or when confidentiality should be reviewed:

**1 April 2019**

**Information governance recommendation on the grounds of keeping the information confidential:**

This information is exempt from the FOI Act under section 43 – commercial interest. Publishing contract expenditure before negotiations have been concluded for other consortia members would impede their efforts to secure value for money. Withholding this information is in the public interest; but only until such time as contracts have been entered into.

**Senior Governance Manager** - I make the above recommendations that this information should be considered confidential at this time

**Name:** Tim Somerville
