Dear [REDACTED]

Thank you for your request for information which the GLA received on 14 November 2019. Your request has been dealt with under the Freedom of Information Act 2000.

You requested:

*Could you let me know the value of the existing gas, electricity, water and broadband contracts that GLA currently has? And I would like to know the companies contracted with as well.*

Our response to your request is as follows. Please find below the information we hold within the scope of your request.

Our suppliers are:

**Gas, electricity, water**

Gas – Corona Energy Ltd

Electricity – Ecotricity (100% renewable)

Water – Castle Water

We do not hold information about contract values. There is no total value for utility contracts but a fixed charge per unit for contract duration and these vary between day/night rates for electric and gas, and usage/waste charges for water

**Broadband**

Broadband - BT Value of contract (2 years): £705.60

Broadband - Three Broadband (rolling monthly) £90.00 per month

If you have any further questions relating to this matter, please contact me, quoting the reference MGLA151119-7109.
