Subject: Harringay meeting notes

Dear all

[REDACTED] and I had a very positive meeting with the leader and councillors from Harringay. Notes and actions are below

Will

Crouch End Liveable Neighbourhood

- Will Norman set out the need for the borough to be ambitious with their plans for Crouch End and use the opportunity to transform the way people get around in this part of London – to walk and cycle more and drive less.
- Cllr Ejiofor confirmed that he is very supportive of the project. Urging people to not drive is challenging, but Haringey are up for having those political conversations with their residents.
- Cllr Hearn set out her desire to ensure that the project doesn't just invest in a rich part of the borough, but helps connect to some of the less well-off areas of Haringey. This needs to be about regeneration as well as transport.

Walking & Cycling Commissioner
