

REQUEST

Please kindly provide the following information in pursuant of the FOIA:

1. Details of:

(a) all 'progress against strategic targets/actions' as set out in the above plan ? (2017-2021)

(b) All 'progress against actions' as set out in combined Joint Delivery Plans? (implementation plans).

2. Set out overall % of 2017-2021 targets/actions met as per joint delivery plans?

3. Set out which actions/targets have been brought forward to new 2021 Police and Crime Plan?

4. Set out total monies spent by MOPAC in relation to the actions/initiatives as set out in 2017-2021 action plan - up to and including:

- a. Consultancy Fees
- b. Community Sector Grant Funding
- c. Training provider costs
- d. Tenders

5. In relation to Knife Crime Strategy for London 2017 - please set out progress against targets/action as set out in this plan?

RESPONSE

Thank you for your Freedom of Information (FOI) request of 22 June to the Mayor's Office for Policing And Crime (MOPAC). I confirm that your request has been handled under the FOI Act 2000 and that MOPAC does hold information relating to your request. Please see responses below.

1. Details of:

(a) all 'progress against strategic targets/actions' as set out in the above plan? (2017-2021)

The Police and Crime Plan 2017/2021 specifically moved away from rigid targets and took a new approach to setting priorities so that more attention was paid to complex high harm crimes, whilst also giving local leaders more control to take action of crimes that affect their residents the most. Progress on local priorities is shown in the quarterly performance pack.

The Plan set out 119 commitments to deliver over the four years. 87% are either complete or we have full confidence will be completed. Work continues to progress all outstanding commitments, with progress being discussed monthly through MOPAC's governance processes.

(b) All 'progress against actions' as set out in combined Joint Delivery Plans? (implementation plans).

Delivery of commitments where there was a partnership element to the response have been managed through sub-boards of the London Crime Reduction Board. Minutes of these boards and other scrutiny mechanisms can be found on our website.

[Link to governance and decision making](#)

MOPAC has also developed a suite of data dashboards to provide transparency and enable us to oversee the MPS and provide scrutiny to keep London safe and deliver on our commitments within the PCP. Where the data is not available, MOPAC has conducted academic research to further our knowledge in an area.

2. Set out overall % of 2017-2021 targets/actions met as per joint delivery plans?

Please see answer to question 1 and link to dashboards and minutes of the governance boards for more information.

3. Set out which actions/targets have been brought forward to new 2021 Police and Crime Plan?

The development of the next Police and Crime Plan for 2021-2024 is in progress. This will be formally consulted on over the summer/autumn period with a view to being published before the end of 2021.

4. Set out total monies spent by MOPAC in relation to the actions/initiatives as set out in 2017-2021 action plan - up to and including: [Lou]

- a. Consultancy Fees
- b. Community Sector Grant Funding
- c. Training provider costs
- d. Tenders

MOPAC finance systems do not capture spending by actions or initiatives, it would not be possible to answer these questions. Some spending, by directorate, is reported in

MOPAC's quarterly reporting published online. The 2021 Q4 report is published here
[MOPAC Q4 Report 2020-21 | London City Hall](#).

5. In relation to Knife Crime Strategy for London 2017 - please set out progress against targets/action as set out in this plan?

Please refer to the data dashboards above.

The Knife Crime strategy was published in June 2017 and was the Mayor's plan of action to tackle knife crime in London by targeting lawbreakers, working with young people and communities, and supporting victims.

Of the 39 commitments within the knife crime strategy, 37 have been completed and 2 are on track for delivery.

If you are unhappy with the response to your Freedom of Information requests, please see the MOPAC website on what the next steps are at:
