Freedom of Information Request: MGLA221214-5315

Dear Mr Boyce

Thank you for your request for information which the Greater London Authority received on the 22/12/2014.

Your request has been dealt with under the Freedom of Information Act 2000 / Environmental Information Regulations 2004.

You asked for:

In your press release relating to the development of the Crystal Palace Park it is stated that:

'The.....site is part of 670 hectares of public land taken on by the mayor in 2012, 87 percent has now been fast tracked into development or regeneration.'

I request details of the location, size and land type of the individual plots that make up this 670 hectares along with any related planning and consultation documents relating to the stated developments.

Details of the GLA's property portfolio can be accessed via the link to our website below. This is due to be updated within the next month.

You can download a CSV file of the information by clicking the Data tab and entering the London Datastore.

You may also find the tabs on the left hand side useful in providing further information on some of our major developments.

In relation to your request for access to any related planning and consultation documents, given the nature and lifespan of many of the properties that the GLA inherited, this information is extensive and not held by the GLA. You will be able to access much of the planning documentation via the website of the relevant London borough

<https://www.london.gov.uk/priorities/housing-land/land-assets/land-and-property-database>

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this e-mail.

Kind regards

 - Land, Estates & Property

If you are unhappy with the way the GLA has handled your request, you may complain using the GLA's FOI complaints and internal review procedure, available at <http://www.london.gov.uk/mayor-assembly/gla/governing-organisation/freedom-information>.
