

Thank you for contacting the Mayor of London to find out more information on where the higher minimum cycle parking standards apply.

The higher cycle parking standards apply to central and inner London boroughs, plus Richmond, Merton, Kingston, Hounslow and Barking and Dagenham as well as Metropolitan/Major town centres outside of these areas. The boundaries of the town centres can be found in relevant Development Plans/Policies Maps. I have provided a list of these town centres below for convenience:
