

## REQUEST

Hi,

We are conducting some research in the PCC's office in Greater Manchester regarding the number of police who are/have been suspended or who are on restricted management duties. We would like to compare the figures with those we have in Greater Manchester.

Currently there is some data available on the ONS website but we don't think this information is accurate as it didn't list the correct figures for GMP.

The time period we are looking for is:

April 16 –April 17

April 17 to the present day.

I think this information maybe held with your Forces PSB department.

If you could send your response to myself and my colleague Dave Byrne who I have copied into this email, that would be much appreciated
