Dear [REDACTED]

Thank you for your request for information which the GLA received on 5 July 2019. Your request has been dealt with under the Freedom of Information Act 2000.

You asked for;

*The following achievements are being claimed during Mr Johnson's tenure as Mayor of London: 500,000 new jobs; improved air quality; 235,000 new apprenticeships; 100,000 affordable homes; knife crime down 17%; 20,000 new trees; expanded London Living Wage; Murder rate down 50%; and Council tax down 10%.*

1. *Do the records kept by the GLA corroborate each of these claims?*
2. *If 'No' which ones?*
3. *If 'Yes' has the rate of annual increase of each been maintained since his successor took office?*

Our response to your request is as follows:

Performance data made available during Boris Johnsons' tenure include that reported:

- [to the Budget Monitoring Sub-Committee](#)
- [through the Mayor's annual reports](#)
- [through the Mayor's reports to the Assembly](#)
- [via the London Datastore](#)

You will be able to further your research into any statements made by the former Mayor by browsing these records.

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this letter.

Yours sincerely

**Information Governance Officer**
