Dear [REDACTED]

Thank you for your request for information which the GLA received on 29th September 2020. Your request has been dealt with under the Freedom of Information Act 2000.

You requested:

'I see from this FOI on your website that you have a Strategic Partnership Agreement with Peabody to deliver 6,000 affordable homes by 2021:

<https://www.london.gov.uk/about-us/governance-and-spending/sharing-our-information/freedom-information/foi-disclosure-log/foi-peabody-strategic-partnership-agreement-0>

Can you clarify:

- Do you have any other similar partnership agreements with other organisations?*
- For each partnership agreement you have, please clarify:*
 - * when was it signed, and when does it expire?*
 - * how many homes are committed under it?*
 - * how much public funding was committed under the agreement?*
- Do you use an open tender process for these partnership agreements, or do you work with housing associations which are already active in the London area and which you have relationships with?'*

Our response to your request is as follows:

1. Do you have any other similar partnership agreements with other organisations?

Yes. There are now eighteen strategic partnerships within the GLA affordable housing programmes, see table further below.

2. For each partnership agreement you have, please clarify:

- *how many homes were committed under it?**
- *how much public funding was committed under the agreement?**

The strategic partnership agreements are governed within the overall contract framework for the AH 16-21 programme and Addendum programmes. For details of

these programmes, please refer to the following funding guidance [AH 2016-21 Programme](#) and [Addendum Programme](#) and the GLA website for specific contract requirements [AH 16-21 Contracts](#). In July 2020, the Government announced an extension to the national affordable housing programme, including London, to March 2023.
