

REQUEST

Hello,

I'm doing a study on gender violence/domestic violence for my Masters. We're hoping to compare statistics for gender violence in London, Madrid and Ecuador for the year 2014. I've contacted the Home Office and they have sent me some results but it includes incidences over a period of years and I am looking for 2014 in particular. Do you have this information broken down per year?

Many thanks in advance,

RESPONSE

Thank you for your Freedom of Information request to the Mayor's Office for Policing And Crime (MOPAC), dated 20 January 2017 and clarified on 23 January 2017.

As suggested in my previous email, MOPAC does not hold the information you have requested. Also, following further investigation, MOPAC can request information from the period 2012 onwards as MOPAC only came into being in 2012 but the information we could request and supply will only relate to total domestic abuse for the years 2012 – date, (irrespective of gender) and if any of these fall under violence with injury category.

As the information you require is quite specific and includes sensitive information over a number of years – rather than 2014 as per your previous email, the Metropolitan Police Service (MPS) may be able to assist you.

You can send your FOI request directly to them, using the link below:

<http://www.met.police.uk/foi/>

If you are unhappy with the response to your Freedom of Information request, please see the MOPAC website on what the next steps are at:
