

Thank you for your request for information which the GLA received on 22 March 2018.

The information you have requested is available from the 2011 Census data at the following link
<https://www.nomisweb.co.uk/census/2011>

The only other source of data on private renting by borough is the set of estimates published on the London Datastore here <https://data.london.gov.uk/dataset/housing-tenure-borough>.

However, as these estimates were derived from a survey with a limited sample they should be considered less accurate than the 2011 Census figures.

Kind regards
