

Dear

Thank you for your message, and for your interest in the Isle of Dogs and South Poplar Opportunity Area Planning Framework (OAPF).

Final approval of the final draft OAPF document from the Mayor of London will be sought in late September/early October 2019, with a final approved OAPF document published soon afterwards. This will - where possible - reflect and integrate feedback received during the public consultation held during May 2018.

I hope this is helpful, and thank you again for your interest.

Best regards
