Clip is done.

SK says he said no to the jenkel. Therefore, we need to ensure that isn't in the clips

Can I also just say thank you to everyone who, at very short notice, with scant and patchy info, helped put this together tonight? It is much appreciated

Ta. I don't think we have much choice!

I have been invited to the 1030 filming at hyde park but not sure I need to go

We just need to get from Sadiq/Jess what was agreed to between him and BHH on what hardware they plan to include in the filming. It's essentially about the Jenkel, but SK was fairly bullish about including it. Will know more when clip done

The Met's plan for tomorrow -

They will draft a release tonight and share with us to add a Mayor quote.

Aim will be for this to go out at 7am and the BBC to play out the Mayor/BHH interview at the same time to other media.

They will then organise two facilities later in the morning to give broadcasters pics: 1) at Hyde Park police station showing an armoured vehicle and rapid response motorbike they use for counter terror 2) armed officers at a vehicle checkpoint in Knightsbridge approach.

Is everyone happy with this approach?

Thanks

Sam
