19 December 2017

Dear [REDACTED]

Thank you for your request for information which the GLA received on 13 December 2017. Your request has been dealt with under the Freedom of Information Act 2000.

You asked for *'the Mayor's directions (instructions/guide lines) to the London Boroughs, inc. Brent, regarding use and/or reduction of the use of cars, private and for businesses'*.

The Mayor's London Local Air Quality Management (LLAQM) framework is the statutory process used by local authorities to review and improve air quality within their areas. The LLAQM framework and the matrix of actions boroughs have to assess are available via the following links:

- <https://www.london.gov.uk/what-we-do/environment/pollution-and-air-quality/working-london-boroughs>
- [https://www.london.gov.uk/sites/default/files/air\\_quality\\_action\\_matrix.pdf](https://www.london.gov.uk/sites/default/files/air_quality_action_matrix.pdf)

The Mayor's Transport Strategy sets the strategic direction and the draft LIPs guidance sets out how their plans will be assessed when looking for funding. Please note that these are both currently undergoing review:

- LIPS: <http://content.tfl.gov.uk/18-19-lip-ass-guidance.pdf>

If you have any further questions relating to this matter, please contact me, quoting the reference MGLA131217-7629.

Yours sincerely
