Decision and/or advice:

This Decision seeks the Director's approval of expenditure on the London Streets and Covered Markets programme across the following activities: 1. Markets legislation Best Practice 2. Tomorrow's Market 3. Programme support and research

The Executive Director of Development, Enterprise and Environment approved a budget of £125,345 for the development and implementation of a range of projects related to support the London Street and Covered Markets programme under cover of DD2151. The Assistant Director of Regeneration approved the allocation of up to £45,000 from London's Street and Covered Markets programme- £20,000 in 2018/19 and £25,000 in 2019/20- to support the delivery of the 10th International Market Conference, which the Mayor of London will host, under cover of ADD2223. One of the projects on which expenditure was approved under cover of DD2151 was a business support programme (Tomorrow's Market) to nurture and train a new cohort of traders into the markets sector. The LEAP Programme Board has endorsed the availability of a further £25,000 from the London Growth Hub budget for this project. This DD seeks approval to receive this further £25,000; and approves expenditure of the remaining £105,345 of the revised £150,345 budget against three other work strands to support the delivery of the London's Street and Covered Markets programme.
