

GREATER LONDON AUTHORITY

[REDACTED]
(By email)

Our Ref: MGLA230620-5680

22 July 2020

Dear [REDACTED]

Thank you for your request for information which the Greater London Authority (GLA) received on 23 June 2020. Your request has been dealt with under the Freedom of Information Act 2000

You asked for:

- *A full list of correspondence between the GLA and London Borough of Ealing, EcoWorld, Be:Here Ealing or any other parties including any meetings that have been held between January 2020 and the present. To include copies of any such correspondence including any attachments to emails and papers submitted in meetings in the same timeframe. This should include all documents that have been supplied to the GLA for the planning application ref 201695FUL*
- *All internal documentation within the GLA, including but not limited to emails, correspondence, meetings, notes, reports etc from 1st January 2020 to current date with regards to the Gurnell Redevelopment.*

Our response to your request is as follows:

Please find attached the information the GLA holds within scope of your request. Please note that the list of files at page 8 of the attachment can be download from the Ealing Council planning applications register.

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this letter.

Yours sincerely

[REDACTED]
Information Governance Officer

If you are unhappy with the way the GLA has handled your request, you may complain using the GLA's FOI complaints and internal review procedure, available at:

<https://www.london.gov.uk/about-us/governance-and-spending/sharing-our-information/freedom-information>

Subject: RE: Gurnell Leisure Centre (ref: GLA/4287)

Hi [REDACTED]

The scheme is broadly the same as when we last spoke. There is no change to the bulk and massing. You will recall that we discussed the formal GLA preapp response and the points that have been incorporated. As a reminder, we have moved the location of the refuse store in Building F, added balconies/terraces to the ground floor units, and introduced Air Source Heat Pumps instead of a CHP.

The main change since we last spoke is affordable housing. You are aware that we are now proposing LAR in Building A and Shared Ownership in Building B. However, the Ealing Council's Housing team wanted to revise the mix, to reduce the number of studios and 2B3P units. We therefore have fewer units in these buildings than previously outlined but they have the same net area, i.e. the A/H units are larger.

The current proposal is:

- LAR units - 98
- S/O units - 98
- Private units - 403
- Total units - 599

We are awaiting sign off from the Council's Housing team on the latest amendments to Buildings A & B and will then update the planning reports. As Bob outlined, we are targeting a submission at the end of the month. Hopefully this all makes sense. Let me know if you have any comments.

Thanks,
Gregor

Hi Bob
Thanks for the update and yes, I would still be the GLA case officer for the scheme.
Thanks

Subject: Gurnell Leisure Centre (ref: GLA/4287)

Dear [REDACTED]

I hope you are well.

I'm writing in relation to the Gurnell Leisure Centre proposals to provide and update on the preparation and submission of the application and to double check that you are still the GLA Case Officer on this project, as I'm aware there's been a bit of shuffling around of staff and projects at the GLA recently.

I can confirm that EcoWorld have now got themselves in a position with LB Ealing and their housing delivery arm, Broadway Living, whereby the proposals are finalised and the application can be lodged as soon as we have completed a few final matters.

Just so you're aware, there's been some changes in staff at the Council and at Broadway Living and this has resulted in a bit of delay so we were unable to lodge before Xmas 2019.

However, EcoWorld has now instructed its team to finalise the application for submission by the end of January 2020, which means a Stage I referral could be with you at the beginning / middle of February. The objective would be to seek a Stage I response before purdah, seek an LBE Committee Resolution in May 2020 and a GLA Stage II decision in June 2020 following the Mayoral election.

Therefore, please could you confirm that you're still the Case Officer for the Gurnell Leisure Centre site and I will keep you informed of progress over the coming weeks.

Please do not hesitate to contact me if you wish to discuss further.

Bob McCurry

Hi [REDACTED]

I hope that you are well. I just wanted to let you know that the Gurnell planning application will be submitted this month. As such, I wanted to check that you will still be the GLA case officer, talk you through changes since our last conversation, and answer any other questions that you have. Please let me know when you are free for a conversation.

Kind regards,
Gregor

Hi [REDACTED]

The application was submitted on 20 April 2020 but is still awaiting validation and registration.

We have responded to the points that have been raised by the LPA case officer since the application was submitted and expect registration to occur imminently.

Kind regards,

Gregor

The payment relates to the application that is being considered under the allocated GLA/LPA case number. If a new, revised or amended application is submitted, a separate payment agreement contract will be required to meet the GLA's costs associated with the new or revised application.
2. Upon this payment agreement contract being signed and charges being met, no refunds will be issued. This includes if an application seeking permission is not granted approval or withdrawn or revisions are subsequently made to the scheme that enable it to be considered under the Fast Track Route.
3. Payment must be made as soon as practically possible upon receipt of an invoice from the GLA. If the signatory considers that the payment time may exceed the expected payment period, this should be communicated to GLA officers at the earliest stage possible. Failure to follow the expected protocol may lead to appropriate action being taken by the GLA and causes risk of delay.
4. All payments will generally be expected to be made via an invoicing system and will be addressed to the signatory detailed above.
5. In some circumstances, the GLA may need to obtain external advice as part of consideration of specific viability matters. In such circumstances, the cost of obtaining external advice will need to be met by the applicant or agent in addition to the standard charge applicable for work described in this payment agreement contract. The standard charge also does not include the GLA's costs incurred where it is involved in assessing information submitted as part of the viability review mechanism in a S106 agreement.
